AUDIT COMMITTEE

PROGRESS ON 2016/17 INTERNAL AUDIT PLAN

Report of the Head of Internal Audit

1.0 PURPOSE OF THE REPORT

- 1.1 To inform Members of the progress made to date in delivering the 2016/17 Internal Audit Plan and any developments likely to impact on the Plan throughout the remainder of the financial year.

2.0 BACKGROUND

- 2.1 Members approved the 2016/17 Audit Plan on the 23 June 2016. The total number of planned audit days for 2016/17 is 1,290 (plus 912 days for other work including counter fraud and information governance). The performance target for Veritau is to deliver 93% of the agreed Audit Plan.
- 2.2 This report provides details of how work on the 2016/17 Audit Plan is progressing.

3.0 INTERNAL AUDIT PLAN PROGRESS BY 31 JANUARY 2017

- 3.1 The internal audit performance targets for 2016/17 were set by the County Council's client officer. Progress against these performance targets, as at 31 January 2017, is detailed in **Appendix 1**.
- 3.2 Work is ongoing to complete the agreed programme of work. It is anticipated that the 93% target for the year will be exceeded by the end of April 2017 (the cut off point for 2016/17 audits). **Appendix 2** provides details of the final reports issued in the period. A further 7 audit reports have been issued but are still in draft.

Contingency and Counter Fraud Work

- 3.3 Veritau continues to handle cases of suspected fraud or malpractice. Such assignments are carried out in response to issues raised by staff or members of the public via the Whistleblower Hotline, or as a result of management raising concerns. Since the start of the current financial year, 55 cases of suspected fraud or malpractice have been referred to Veritau for investigation. 14 of these are internal fraud cases, 14 social care and 4 external fraud. A further 23 cases relate to applications for school places. A number of these investigations are still ongoing. Work is also progressing with the North Yorkshire and York counter fraud initiative which has been grant funded by the Department for Communities and Local Government (DCLG). The project involves proactive data matching designed to identify and prevent fraud losses within high risks areas such as social care, council

tax, NNDR and procurement. To date the project has helped to recover fraud totalling £542k.

Information Governance

- 3.4 Veritau's Information Governance Team (IGT) continues to handle a significant number of information requests submitted under the Freedom of Information and Data Protection Acts. The number of FOI requests received between 1 April 2016 and 31 January 2017 is 1,077 compared with 1,001 requests received during the corresponding period in 2015/16 (this represents a 7.6% increase). The IGT is currently exceeding the performance response target of 95% for 2016/17 with approximately 98% of requests so far being answered within the statutory 20 day deadline. The IGT also coordinates the County Council's subject access requests and has received 192 such requests between 1 April 2016 and 31 January 2017 (note this figure has increased on previous years because we are now able to report on all subject access requests received by the Council rather than just those managed by Veritau).
- 3.5 Veritau is continuing to assist with the implementation of the County Council's information governance framework (including the update of information asset registers, preparation of data sharing agreements, data breach reporting and investigation, and the provision of advice and training). As part of this, Veritau auditors also continue to undertake a programme of unannounced audit visits to County Council premises in order to assess staff awareness of the need to secure personal and sensitive information.

Variations to the 2016/17 Audit Plan

- 3.6 All proposed variations to the agreed Audit Plan arising as the result of emerging issues and/or requests from directorates are subject to a Change Control process. Where the variation exceeds 5 days then the change must be authorised by the client officer. Any significant variations will then be communicated to the Audit Committee for information. The following variations have been authorised since the plan was approved. The variations follow discussions with management and reflect changes in current priorities:

Add Court of Protection / petty cash	+5 days
Add Developing Stronger Families	+10 days
Add additional counter fraud allocation	+45 days
Delete bus subsidy audit	-20 days
Delete HAS new models of care	-10 days
Delete resettlement of refugees	-15 days
Contingency	-15 days
Net change to plan	nil

Follow Up of Agreed Actions

- 3.7 Veritau follow up all agreed actions on a regular basis, taking account of the timescales previously agreed with management for implementation. A new escalation procedure has been introduced to formalise the reporting process in the event that agreed actions are not implemented or management fail to provide

adequate information to enable an assessment to be made. At this stage in the year, there are no actions which have needed to be escalated. On the basis of the follow up work undertaken during the year to date, the Head of Internal Audit is therefore satisfied with the progress that has been made by management to implement previously agreed actions necessary to address identified control weaknesses.

4.0 RECOMMENDATION

4.1 Members are asked to note the progress made in delivering the 2016/17 Internal Audit programme of work and the variations agreed by the client officer.
