

NORTH YORKSHIRE COUNTY COUNCIL**Care and Independence Overview and Scrutiny Committee****26 September 2019****Work Programme 2019****1.0 Purpose of Report**

- 1.1 The Committee has agreed the attached work programme (Appendix 1).
- 1.2 The report gives Members the opportunity to be updated on work programme items and review the shape of the work ahead.

2.0 Background

- 2.1 The scope of this Committee is defined as: 'The needs of vulnerable adults and older people and people whose independence needs to be supported by intervention from the public or voluntary sector.'

3.0 Scheduled Committee dates/Mid-Cycle Briefing dates**3.1 Committee Meetings**

- Thursday 28 November 2019 at 10am
- Thursday 5 March 2020 at 10am

3.2 Mid Cycle Briefing Dates

- Thursday 31 October 2019 at 10am.
- Thursday 13 February 2020 at 10am

- 3.3 It is expected that the new calendar of meetings will be available for the November council meeting.

4.0 Changes to the Work Programme

- 4.1 At the Mid Cycle Briefing, Group Spokespersons discussed the following topics and made a number of minor changes to the scheduling of some others.

5.0 Support for Carers

- 5.1 The committee had agreed to some overview work at this September meeting to assess the support provided to adult carers of adults in North Yorkshire. Recognising that the directorate was working on changes to the Respite/Short Breaks approach and the planned consultation on this would start after this meeting, group spokespersons agreed it made sense to defer both to the November committee meeting.

6.0 Section 75 HARA Consultation

- 6.1 Group Spokespersons welcomed the NYCC's joint work with NHS partners, to be covered by a Section 75 Agreement, towards an integrated approach to commissioning and provision of health care, public health and social care services in Harrogate and Rural District.

6.2 The focus for the briefing was the report considered by the Executive meeting on Tuesday 16 July 2019 and the consultation documents available here. <https://www.northyorks.gov.uk/section-75-hara-consultation>. Members agreed to receive periodic reports on progress.

7.0 Suicide Prevention and Audit

7.1 The Chairman and Group Spokespersons have agreed to follow up the briefing they received on Suicide Prevention and Audit at their mid cycle briefing with an interactive session for all the committee members. The intention is to close the 28 November committee meeting off early - it's a short agenda - and go straight into informal session for about an hour, starting around 11.30am

8.0 Young People with additional needs transitioning to Adulthood

8.1 The total number of young people with a learning disability aged 14-18 in North Yorkshire is approximately 500. On average just over 100 young people will "move" from Children's Services to Adult Social Care, of whom a third will have an array of complex needs.

8.2 Transition at all stages, whether from birth to home, home to nursery, primary to secondary, to a new home or residential situation or transition into a new specialist service, is a key issue for children, young people and families. Members were pleased to hear at the last meeting that HAS and CYPS have worked hard at improving the sharing of information and the planning and budgeting for services. A new pathway has been agreed between the HAS and CYPS directorates for young people transitioning from children's social care to adult social care. Clear protocols are consolidating better integration of services in appropriate areas to ensure appropriate support is in place as children move to adulthood.

8.3 As scrutiny members it is important that you assess how well we are supporting and responding to need during this very important stage in a young person's life. This committee's interest in this topic is shared by the Care and Independence Overview Scrutiny Committee. It was suggested that a joint session with that committee's membership be arranged. This has been agreed for the 6 December on the rising of the YPOSC meeting.

9.0 Recommendations

9.1 The Committee is recommended to consider the attached work programme and determine whether any further amendments should be made at this stage
