

75/06 - ORGANISATION IMPROVEMENT AND ENVIRONMENT OVERVIEW AND SCRUTINY COMMISSION WORK PROGRAMME 2006/07:

The Scrutiny Officer submitted a written report which provided a summary of the work undertaken by the Commission in 2006/07 and also sought Members to consider and agree any issues that they wished to be included in the 2007/08 work programme. Councillor Marsh advised of the work of the Car Parking Policy Working Group and requested that this item of work be carried over to the 2007/08 work programme.

It was agreed:

That (1) the report be received; and

(2) the work indicated in the programme that was still to be undertaken be recommended to the Organisation Improvement and Environment Commission 2007/08 for consideration for inclusion in its work programme.
