

#### 45/09 - REQUESTS FOR INCLUSION OF ITEMS IN FUTURE WORK

**PROGRAMME:** The Scrutiny Officer referred to the joint meeting with North Yorkshire County Council (NYCC) Transport and Telecommunications Overview and Scrutiny Committee regarding the changes to bus services in the District to be implemented by Transdev and that the response would be circulated to Members once available.

In relation to the public meeting with the Chief Constable, the Scrutiny Officer advised that he would be sending a letter of thanks to the Chief Constable and would also be inviting him back to address the Commission next year. He also referred to the informal workshop held at the Pavilions and stated that he had received the draft report from the facilitator and would circulate a copy to Members once it had been agreed. He also reported that the Commission had committed to undertake the top two issues arising from the workshop and that another informal meeting would be arranged in a year's time to consider progress made and other issues of concern for consideration by the Commission for its Work Programme. The matter of 'plain English' was also referred to and the Scrutiny Officer **agreed** to submit a report to CMT to resolve how the matter was to be addressed/taken forward.

(7.55 pm - 8.00 pm)
