Notes:

North Yorkshire County Council officers will seek a decision from the Executive on whether to hold a public consultation early in 2019 on the results of the most recent analysis through the Harrogate Congestion Study. Officers' recommendations on this to the Executive will be determined based on the findings of the most recent study work, which will set out the overall performance of the suggested packages. Whilst the Harrogate and Knaresborough Area Constituency Committee has no decision-making powers in this process, the Committee does have a role, which is to inform NYCC policy-makers and decision-makers of the views of elected County Councillors in the Harrogate and Knaresborough Constituency.

The Area Constituency Committee's responsibilities therefore include:

- acting as a forum for Councillors to bring forward issues affecting their Electoral Divisions;
- hearing and responding to questions and statements from members of the public relating to anything affecting the community;
- undertaking meaningful scrutiny of local issues (including transport and roads) within the Harrogate and Knaresborough constituency area and acting as consultees in major decisions that affect the community, including responding to consultations.
