RESOLVED (UNANIMOUSLY):

That having considered the findings of the Environment Overview and Scrutiny Commission Cabinet adopt all those findings detailed in Section 5 of the report.

Reason for making decision:

To enable the comments of the Environment Overview and Scrutiny Commission regarding the 2004/2005 Performance Indicators year-end report to be considered by Cabinet.

Alternative options considered and rejected:

Not to report the comments of the Environment Overview and Scrutiny Commission regarding the 2004/2005 Performance Indicators year-end report was not considered for the following reasons:

(1) Cabinet would not be able to take into account the comments of the Commission; and

(2) the Commission would not have the opportunity to comment on the 2004/2005 Performance Indicators year-end report in accordance with the Council's Performance Management arrangements.
