Subject: 09/00226/FUL; Hill House, Leysthorpe

I have the following minor comments to make on this scheme:

- The new verge crossing should be constructed using Conservation Kerbing in the Harvest Buff colour, so as to blend more readily with the materials of the existing house.
- The roadside hedge currently consists of hawthorn and new planting to close the existing gap should comprise native hedgerow species so as to fit with the character of the existing hedge.
