PUBLIC RIGHTS OF WAY  
DEFINITIVE MAP MODIFICATION ORDER AND  
PUBLIC PATH ORDER APPLICATIONS - AN UPDATE

## 1.0 PURPOSE OF REPORT

- 1.1 To provide an update to members on progress with processing Definitive Map Modification Order and Public Path Order applications since August 2010. The cases referred to are listed in the attached schedules.

## 2.0 RECENT DMMO AND PUBLIC PATH ORDER DETERMINATIONS

- 2.1 Since August 2010 ten applications have been fully completed:-

• Creation Agreement	1
• Diversion Orders	3
• DMMOs	5
• Extinguishment Order	1

These Orders are detailed in Appendix 1.

- 2.2 The Eppleby Diversion Order was initially promoted to resolve a tarmac surfacing issue on a bridleway, and evolved into an opportunity to improve the layout of the footpaths and bridleways at the property, resolving a minor obstruction, and in turn providing greater privacy for the property.
- 2.3 Two of the DMMOs were confirmed; the Sherburn in Elmet one having been very high profile locally where a developer had incorporated the path into the development, locking large gates on completion of the works. The PC had promptly submitted the application, which the developer eventually did not oppose, given the strength of public opinion and the evidence submitted.
- 2.4 The application at Burniston, Scarborough, noted as being rejected, was actually resolved by a Creation Agreement for the currently used section of the claimed route.
- 2.5 The remaining 2 applications were rejected due to the limited evidence provided. The application for the BOAT at Thornton Dale was also affected by the Natural Environment and Rural Communities (NERC) Act, so could not have achieved BOAT status, the route was already recorded

as a bridleway. The applicants were given the opportunity to improve the applications but took no steps to do so.

- 2.6 The Extinguishment in Knaresborough removed a short footpath in an urban area, which was built over in 1951. There was no suitable alternative that would have served any useful purpose, there was no opposition to the extinguishment.

### 3.0 ORDERS IN PROGRESS

- 3.1 The most recently made Orders are listed in Appendix 2. The majority of these are expected to be confirmed within the next couple of months, however some are already opposed, and will be forwarded to the Secretary of State for determination. The most notable of these is the Kirk Hammerton Order relating to the former Skewkirk Bridge.
- 3.2 The Extinguishment Order had been made for the footpath at Fewston due to a number of problems including an obstruction. It is unusual that extinguishments are undertaken, and the landowner was advised that if there was any objection to the order it would not be pursued. Objections have been received, and the problems will now need to be resolved by other means.
- 3.3 Other applications that are in progress are listed in Appendix 3. There are 14 Creation Agreements and Creation Orders in progress, including ones for bridleways at Austwick and Coldstones Quarry, Beverley, both of which provide routes to avoid busy stretches of road; and 2 bridleways on MOD land improving bridleway access around Catterick Garrison, and a dedication of a bridleway by Hillam Parish Council to upgrade an existing footpath.
- 3.4 There are 79 Diversion Order applications at various stages of processing, of which 2 require referral to the Secretary of State (SoS) for determination, where there are formal objections outstanding, these are at Swinsty Hall, Little Timble (Har) and at Sugar Hill Farm at Stutton-with-Hazelwood (Sel).
- 3.5 There are 40 DMMO applications under investigation at various stages. Fourteen require referral to the SoS for determination, where there are formal objections outstanding. Two applications are under consideration by the SoS; a proposed footpath at Smelthouses, near Pateley Bridge and a proposed bridleway at Shaw Mills, Bishop Thornton. The former will be resolved by a public inquiry to be held on 31 May.
