

## **Local Government North Yorkshire and York**

**2 July 2010**

### **Economy and Skills**

1. This report provides an update on this theme.
2. The Economy and Skills Board has not met since the last meeting of the LGNYY. It was decided to cancel the meeting in June as no immediate decisions were required. It was also felt that it would not be possible to have a meaningful discussion on emerging regional and sub-regional arrangements at that time.
3. It is clear that the next meeting in September will be significant in that it will be asked to
  - a. Give final approval to the Economic assessment for the sub region and for the draft of the statutory assessment covering North Yorkshire (York will have its own statutory assessment.)
  - b. agree a draft Sub regional economic strategy for incorporation in the sub regional strategy
  - c. Consider proposals for a York and North Yorkshire local Enterprise partnership.

#### **4. LGNYY is requested to note the report**
