PUBLIC RIGHTS OF WAY  
DEFINITIVE MAP MODIFICATION ORDER AND  
PUBLIC PATH ORDER APPLICATIONS - AN UPDATE

## 1.0 PURPOSE OF REPORT

- 1.1 To provide an update to members on progress with processing Definitive Map Modification Order and Public Path Order applications since February 2011. The cases referred to are listed in the attached schedules.

## 2.0 RECENT DMMO AND PUBLIC PATH ORDER DETERMINATIONS

- 2.1 Since February 2011 eighteen applications have been fully completed:-

• Creation Agreement	3
• Diversion Orders	9
• DMMOs	6

These Orders are detailed in Appendix 1.

- 2.2 The Creation Agreement for the bridleway at Coldstones Quarry, Greenhow, has been negotiated with the quarry company whilst liaising with them regarding the Diversion Order to resolve the longstanding obstruction of 2 footpaths. The new bridleway avoids a stretch of the B6265 for riders, and provides a link between minor roads either side of the B6265.
- 2.3 The Diversions at High and Low Bishopside and Snainton resolved longstanding obstructions on the network.
- 2.4 Three DMMO applications requesting the downgrading or extinguishment of routes were rejected. In each case we believed that the evidence did not adequately support the claim that the routes had been wrongly recorded on the Definitive Map. Members will remember that there was a previous application submitted for the Skeeby case to downgrade the bridleway, which was rejected following a Public Inquiry. The applicants re-submitted their application on slightly different grounds, however, we were not satisfied that it was any stronger than the previous application, and consequently rejected it. The applicants appealed to the Secretary of State who upheld our rejection of the application. The route remains a bridleway. No appeal was received to either of the other two rejected

applications, and the routes remain as footpaths, although the route at Terrington is to be subject to a Diversion Order application.

The resolution of the DMMO in South Milford has recorded a bridleway along the old lane known as Redhill Lane and has added a link from the village of Lumby to the recently created bridleways crossing the A1(M), and the A1246, providing off-road access to Ledsham parish in West Yorkshire.

### 3.0 ORDERS IN PROGRESS

- 3.1 Sixteen Orders have been made and advertised since February, or are to be made within the next few weeks, these are listed in Appendix 2. The majority of these are expected to be confirmed within the next couple of months, however some are opposed, and if the objections cannot be resolved they will need to be forwarded to the Secretary of State for determination. There are 15 opposed cases requiring submission to the Secretary of State. Priority will be given to these cases over the next 6 months.
- 3.2 Eleven opposed cases have been reported to the Planning and Regulatory Functions Sub Committee over the last 7 months. The majority of these are DMMOs but include a Creation Order for a bridleway at Barlby and a proposed Diversion Order for a bridleway at North Rigton.
- 3.3 There are 87 Diversion Order applications at various stages of processing, of which, 2 opposed orders are under consideration by the Secretary of State (SoS); a footpath at Swinsty Hall, in the parish of Little Timble (Harr) where there is one outstanding objection, and a bridleway at Sugar Hill Farm in the parish of Stutton-with-Hazelwood (Sel) where there are a number of local objections. The first is to be determined by written representations and the second at Public Inquiry in January. The majority of these applications are being made in response to applications from members of the public who require routes to be re-aligned for their convenience. Of course we do not accept the applications if the proposed alteration to the route would provide a route that is less convenient to the public than the existing route, and every opportunity is taken to improve the route, by the replacement of gates for gaps, or by the replacement of stiles for gates wherever possible. The proposed diversion at Brompton by Sawdon for example has provided the opportunity to avoid the necessity for a set of steps on this very popular path giving access to the duck ponds.
- 3.4 There are 41 DMMO applications under investigation at various stages. 15 require referral to the SoS for determination, where there are formal objections outstanding. Two applications have been referred to the SoS and are to be resolved at Public Inquiry; a proposed footpath at Smelthouses, near Pateley Bridge and a proposed bridleway at Shaw Mills, Bishop Thornton. The former was to be resolved by a Public Inquiry

in May this year but will now be held in March next year, and the latter case will be resolved by Public Inquiry to be held on 6 October.

3.5 All other applications that are in progress are listed in Appendix 3.

#### 4.0 NEW APPLICATIONS

4.1 Eighteen new applications have been received since February, and are listed in Appendix 4. The Creation Agreement and Extinguishment Order at Deering Heights in Dacre are to be promoted together, and are in effect a diversion, as one of the affected routes is a cul-de-sac path which cannot be diverted. The DMMO application at Ampleforth has arisen out of a planning proposal and is likely to be resolved by a Creation Agreement in the near future.

#### 5.0 RECOMMENDATION

5.1 To receive the report for information
