MINERALS AND WASTE JOINT PLAN –  
SUPPLEMENTARY SITES CONSULTATION

1.0 PURPOSE OF REPORT

- 1.1 To advise members of the current Supplementary Revised Sites Consultation, giving members the opportunity to respond to the additional, or revised, minerals and waste sites. The letter inviting comments is attached to this report.

2.0 BACKGROUND

- 2.1 North Yorkshire County Council, the City of York Council and the North York Moors National Park Authority worked in partnership to produce a Minerals and Waste Joint Plan covering all three planning authority areas. In February 2014 an Issues and Options Consultation was published. Appendix 1 of that consultation provided initial details of minerals and waste sites submitted to the authorities for consideration as to whether they were suitable for inclusion in the Joint Plan. The original consultation can be viewed here:

3.0 THE CURRENT CONSULTATION

- 3.1 Subsequent to the original consultation a small number of additional sites have been put forward by landowners and developers for consideration for future minerals or waste development. Plans showing the additional sites are included within the Supplementary Sites Consultation document which has now been produced to provide an opportunity for members of the public and other interested parties to provide comments on the new or revised information. The Supplementary Sites Consultation document can be viewed here:
