4. Planning application for the purpose of the construction of a 3.9 km long two-way, single lane (with overtaking lanes) carriageway realignment on the A59 between the west of North Moor Road and Blubberhouses. The realignment lies north of the existing A59 and incorporates modifications to the junctions at North Moor Road, Hall Lane and Church Hill. The existing road from Blubberhouses to Botham's Farm and Paradise is proposed to be downgraded, reduced in width and, in turn, would function as a private access and public right of way for part of its length. The existing road from Paradise to where public footpath (ref. no. 15.14/4/1) joins the existing A59 is proposed to be removed and returned to moorland habitat as part of the areas of land designated as Special Areas of Conservation (SACs) and Special Protection Areas (SPAs) (under the EU Birds Directive). Associated works include the diversion of Hall Beck watercourse, landscaping, environmental mitigation, new culverts, 100 metre long retaining wall, SUDS drainage including two attenuation basins, replacement signage, construction of two underpasses, diversions to, and increase of 1,526 metres of bridleways and public rights of way on land at the A59 at Kex Gill from the west of the junction with North Moor Road and Blubberhouses

(Pages 6 to 97)
