

Agenda

Meeting: Richmond (Yorks) Area
Constituency Committee

Venue: The Grand Meeting Room
County Hall, Northallerton,
North Yorkshire, DL7 8AD

Date: Wednesday 29 August 2018
at 10.00 a.m.

Business

Recording is allowed at County Council, committee and sub-committee meetings which are open to the public, please give due regard to the Council's protocol on audio/visual recording and photography at public meetings, a copy of which is available to download below. Anyone wishing to record is asked to contact, prior to the start of the meeting, the Officer whose details are at the foot of the first page of the Agenda. We ask that any recording is clearly visible to anyone at the meeting and that it is non-disruptive. <http://democracy.northyorks.gov.uk/>

- | | Indicative timings
and page numbers |
|--|--|
| 1. Welcome by the Chairman; introductions; and apologies | 10.00 - 10.10 |
| 2. Minutes of the meeting of the Richmond (Yorks) Area Constituency Committee held on 13th June 2018 | 10.10 - 10.15
(Pages 5-11) |
| Purpose: To approve the Minutes as a correct record.. | |
| 3. Membership - Report of the Assistant Chief Executive (Legal and Democratic Services) | 10.15 - 10.20
(Page 12) |
| Purpose: To formally approve the appointment of Malcolm Warne as a Co-opted Member of the Committee. | |
| 4. Any Declarations of Interest | |

5. Public Questions or Statements

Members of the public may ask questions or make statements at this meeting if they have given notice and provided the text to Patrick Duffy of Democratic Services (*contact details below*) no later than midday on Friday 24th August 2018. Each speaker should limit themselves to 3 minutes on any item. Members of the public who have given notice will be invited to speak:-

- at this point in the meeting if their questions/statements relate to matters which are not otherwise on the Agenda (subject to an overall time limit of 30 minutes);
- when the relevant Agenda item is being considered if they wish to speak on a matter which is on the Agenda for this meeting.

6. **Local issues for the Committee to consider** - verbal report by **10.20 – 11.00**
Rishi Sunak, MP for Richmond (Yorks)

Purpose: To enable the local MP to share a number of issues with the Committee.

7. **Adult Social Care Green Paper/Funding** - Report of the Corporate Director, **11.00 - 11.45**
Health and Adult Services **REPORT TO FOLLOW**

Purpose of the report: To highlight the local funding issues to the MP and for Committee Members to identify local concerns that would need to be taken into account as part of the development of or consideration of the Green Paper.

8. **Development of Catterick Garrison** - Report of the Assistant Director, **11.45 -12.30**
Policy and Partnerships **(Pages 13-16)**

Purpose of the report: To set the scene for a discussion on the impact of the development of Catterick Garrison.

9. **Work Programme –**
Report of the Assistant Chief Executive (Legal and Democratic Services) **12.30 – 12.45**
(Pages 17-19)

Purpose of the report: To provide the latest version of the Work Programme for the Committee to consider.

10. **Next Meeting** – The next meeting is currently scheduled to be held on Wednesday 21st November at 10.00 a.m. Members are asked to confirm this time and date and to decide upon a venue.

11. **Other business which the Chairman agrees should be considered as a matter of urgency because of special circumstances.**

North Yorkshire County Council

Richmond (Yorks) Area Constituency Committee

Minutes of the meeting held on 13 June 2018 commencing at 10.00 am at Middleham Key Centre, Park Lane, Middleham.

Present:-

Members:-

County Councillors David Blades, Caroline Dickinson, Helen Grant, David Hugill, Carl Les, Heather Moorhouse, Karin Sedgwick, Angus Thompson, John Weighell OBE and Annabel Wilkinson.

In attendance County Councillor David Chance, Executive Member for Stronger Communities

Officers:-

Daniel Harry and Patrick Duffy (Democratic Services), Sally Lacy (Business Support)

There were 4 members of the public present.

An apology for absence was received from County Councillor Bryn Griffiths

1. Appointment of Chairman

On being nominated and seconded, it was

Resolved -

That County Councillor Heather Moorhouse be elected Chairman of the Richmond (Yorks) Area Constituency Committee to serve until the Annual Meeting of the County Council in 2019.

County Councillor Moorhouse in the Chair

Copies of all documents considered are in the Minute Book

2. Chariman's announcements

County Councillor Moorhouse expressed her thanks to the Committee for the confidence they had placed in her in electing her as Chairman. She saw this as a new start and a great opportunity for the Committee to help shape policy.

3 Minutes of the former Hambleton and Richmondshire Area Committees

(a) Hambleton Area Committee

Resolved -

That the Minutes of the meeting of the Hambleton Area Committee held on 5 March 2018, having been printed and circulated, be taken as read and confirmed and signed by the Chairman as a correct record.

(b) Richmondshire Area Committee

Resolved -

That the Minutes of the meeting of the Richmondshire Area Committee held on 28 March 2018, having been printed and circulated, be taken as read and confirmed and signed by the Chairman as a correct record.

4. Appointment of Vice Chairman

Resolved -

That County Councillor Angus Thompson be elected Vice Chairman of the Richmond (Yorks) Area Constituency Committee to serve until the Annual Meeting of the County Council in 2019.

5. Declarations of Interest

There were no declarations of interest to note.

6. Public Questions or Statements

It was noted that no requests had been provided by members of the public to ask questions or make statements at the meeting, prior to the closing date for registration. However, the Chairman stated that she would allow members of the public to raise matters under the appropriate Agenda Item, should they indicate at that time.

7. Any business relating to the former Hambleton and Richmondshire Area Committees that needs to be addressed at this meeting

With regard to the former Richmondshire Area Committee, County Councillor Thompson provided an update on Vehicle Activated Signs (also known as Matrix Boards) – a matter that he had raised at previous meetings.

A questionnaire had been sent to Parish/Town Councils which, among other things, asked if they would be interested in purchasing their own Matrix Boards. Some 58% of Parish/Town Councils had indicated that they would be interested. For this to happen, there would need to be a change in the rules governing the Matrix Boards.

The Working Party established by the Transport, Economy and Environment Scrutiny Committee, had agreed, in principle, to the Policy being changed to enable Parish/Town Councils to purchase their own Vehicle Activated Signs. This would, however, require the approval of the Transport, Economy and Environment Committee and the Executive.

NOTED.

8. Area Constituency Committees - A Suggested Way Forward

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services). Appended to the report was a Guide which outlined how the new Committee could work.

Daniel Harry, Democratic Services and Scrutiny Team Leader, took Members through this report, which included a number of key issues that he was seeking their views on. Looking at each of these in turn . . .

Co-option

He felt that the co-option of people onto a Committee could be helpful if the individual(s) had specialist knowledge and where there was a thematic approach to the consideration of business. The risk, however, was that, where these factors were not present, there was a very limited role for the co-optee. His suggestion, therefore, was that the Committee should not co-opt, but invite people with particular knowledge in an area under consideration to attend specific meetings.

The consensus among the Committee was not to co-opt and the following points were made:-

- Not co-opting was the right thing to do until the Committee finds its feet.
- The Committee now covered a wide and diverse area. It was too early to co-opt.
- Perhaps the local MP could be invited to join the Committee?
- Should the local MP or other people invited attend, it was important for them to know what was expected of them beforehand, so that they were not wrong-footed. How the interaction with the public was handled would be key.
- If the local MP was to be co-opted, it would be helpful if he was able to attend every meeting, for consistency.
- Having voting Co-opted Members would not be a good idea but, if people want to speak on a matter where they have a particular interest or knowledge that is fine. That is how we should approach this, because a Committee of 13 is large enough.

Members noted that there was a difference between co-opting people onto the Committee and people who are invited to speak on particular issues. For instance, it was anticipated that County Councillor Sedgwick, the Older People's Champion (and a Member of this Committee) would be invited to each of the Area Constituency Committees to update them on her work.

Regular updates

The Democratic Services and Scrutiny Team Manager asked Members to consider whether they felt it necessary to have these updates at each meeting – particularly when they were often routine in nature.

He considered that these updates took up a lot of time and that, notwithstanding the fact that the updates provided useful information, there was sometimes a feeling of "So what?" in that there was no decision for the Committee to take. The thrust of the Committee's work should, ideally, be in taking action to progress issues, rather than noting information.

Furthermore, he was mindful that with four, three hour meetings each year, there was quite limited time and the Committee needed to make the most of that time.

He suggested that these updates could be managed in alternative ways, such as through an annual session on "place", or community safety.

The Committee felt that updates from the Police, Fire and Rescue Service and Stronger Communities should be received to note on an annual basis.

Highways

The Democratic Services and Scrutiny Team Manager referred to highways issues often being localised. Whilst not underestimating their importance to local Members, there were other routes that could be utilised.

If there was a groundswell concerning any particular issue, this could, of course, still be considered by the Committee.

In terms of particular issues being considered at Committee, a Member asked what the Democratic Services and Scrutiny Team Manager saw as the threshold for this? In response, he felt there was no clear threshold. Discussions would be held between the Chairman and Vice Chairman and supporting officers on a case by case basis.

The general feeling of the Committee was that there should be an opportunity for highways issues to be considered, but not necessarily within the formal Committee environment.

Members made the following points in particular:-

- The Committee should have a strategic overview, rather than considering local issues that could be considered via other mechanisms.
- Care should be taken to avoid the Committee becoming a Councillor enclave, as the public would want to express their views on local highways issues. The Member concerned also commented that, whilst she accepted other avenues were available, sometimes people become exasperated and, therefore, needed to air their concerns at a public meeting such as this.
- To set rigid rules at this early stage would be a mistake – there were grey areas, naturally. If the Area Highways Manager was invited to attend once or twice a year that could work well.
- On the occasions where the Area Highways Manager was expected to attend, it was crucial that they came prepared. If they were not aware of the likely matters to be raised then people could not expect to get answers, as functions were delegated and the Area Highways Manager could not possibly know the latest on every issue. Accordingly, it was too early to agree that the Area Highways Manager be asked to attend “Drop in” sessions or the like. To be fair, this needed to be discussed with the Business and Environmental Services Directorate to ascertain their thoughts.
- The Chairman suggested that the relevant Executive Member could also be invited when particular highways issues were being discussed.

The Chairman asked if any of the public in the audience had any views on this. A member of the public felt it was important to continue to consider highways issues at each meeting, or there was a danger the new Committee would lose its local touch.

Standard and Timed Agenda

The Democratic Services and Scrutiny Team Manager asked Members to consider adopting a standard and timed Agenda, on the basis that this would ensure a

consistent approach to dealing with local issues and concerns, whilst also enabling time to be reserved for a focussed review or scrutiny of an issue identified in the Work Programme.

Links with Overview and Scrutiny

The Democratic Services and Scrutiny Team Manager asked the Committee to consider how the co-ordination of county level scrutiny and local in-depth reviews might benefit one another and, in addition, provide the Committee with an escalation route.

The appended Guide gave two examples as to how it was envisaged this might work.

The Committee would be able to feed into the scrutiny process the views of local people on a range of issues, such as the risk to Community Hospitals.

A Member felt that there could be a risk of duplication. How could this be avoided? In response, the Democratic Services and Scrutiny Team Manager said that there would be regular conversations between the Chairman and Vice Chairman of the Committee; their scrutiny counterparts and officers, to discuss the most appropriate way to handle emerging issues.

The Leader of the Council and the Chairman thanked the Democratic Services and Scrutiny Team Manager for the excellent work he had done in developing these proposals for consideration by Members.

Resolved -

- a) That Malcom Warne, Head of Communications for Rishi Sunak, MP for Richmond (Yorks), be asked if he would be prepared to be a Co-opted Member of this Committee.
- b) Notwithstanding the above, as a general rule, the Committee will not look to Co-opt Members.
- c) That updates from organisations such as the Police; the Fire and Rescue Service and the Stronger communities Team be made annually as part of a place-based session – essentially, these will be for information, but Members will have the opportunity to discuss any particular aspect further at the meeting should they consider this necessary.
- d) That the Area Highways Manager be invited to attend the Committee once or twice each year, the exact format to be determined but this could include a session on local concerns about highways prior to the meeting, subject to discussion with the Business and Environmental Services Directorate.
- e) That a standard Agenda, to include indicative timings, be adopted along the following lines:-

Item	Timing
Minutes of the last meeting	5 minutes
Declarations of interest	
Apologies	
Chairman's announcements	10 minutes
Public questions or statements	30 minutes
Topic for scrutiny or focussed review	90 minutes
Work programme review	15 minutes
Other business which the Chairman agrees should be	

considered as a matter of urgency because of special circumstances	
--	--

- f) That consideration as to how the co-ordination of county level scrutiny and local in-depth reviews may benefit one another and also provide the Committee with an escalation route, be discussed on a case by case basis by the Chairmen and Vice Chairmen of this Committee; Overview and Scrutiny Committee and appropriate officers.

9. Richmond (Yorks) Area Constituency Committee - Area Profile

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services) providing an overview of some of the key issues in the area covered by the Area Constituency Committee.

The report was introduced by the Democratic Services and Scrutiny Team Leader, who advised that the area profile has been produced to enable Members to better understand the area covered by the new Committee. It also enabled Members to identify issues that may be worth further consideration by the Committee.

When compared to the Yorkshire and Humber average and the England average, he had identified the following:-

- An ageing population, with a greater proportion over 65 years of age and a smaller proportion under 15 years of age
- Low levels of incapacity benefits being claimed
- Low levels of people claiming out of work benefits
- Low levels of deprivation, but a question as to whether some deprivation may be hidden?
- Higher numbers of second homes ownership
- Low levels of social and council housing
- Higher numbers of vacant dwellings
- Higher number of people resident in defence establishments
- Low levels of crime, but anti-social behaviour in line with the England average
- Longer distance travelled to key services
- Low broadband speeds
- Strong sense of community and community engagement
- Low levels of Big Lottery funding secured locally
- Secondary schools – lower numbers of Ofsted rated 'good or outstanding schools' (education).

This Item linked into and overlapped with the Work Programme at Minute No. 10, below.

Members felt that the document was very useful, but that it should be put into a more manageable form and shared with the local MP.

Resolved -

- a) That the report be noted.
- b) That the Area Profile be put into a more manageable format and shared with Rishi Sunak, MP.

10. Richmond (Yorks) Area Constituency Committee Draft Work Programme

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services) providing a draft Work Programme for the Area Constituency Committee to consider, develop and adopt.

The Leader of the Council suggested topics that the Committee might wish to consider at its next meeting:-

- The funding of Adult Social Care/The Green Paper on Adult Social Care
- The expansion of Catterick Garrison

Members agreed with these suggestions and made the following points:-

- With regard to Catterick Garrison, the impact of such a large confluence of people who were not local to the area needed to be considered. The Garrison Commander, Joe Jordan, should be invited to attend for this discussion.
- A potential future item for consideration could be the inconsiderate parking of some motorists. It would be interesting to hear the local MP's views about this.
- The discussion with the MP should not be adversarial. Equally, it would be hoped that he would not seek to make party political points. It might be helpful to ask him for his "top 10 issues" currently.
- Consideration should be given as to how the discussion with the local MP is publicised.

Resolved -

- a) That the main topics for the next meeting of the Committee on Wednesday 29th August comprise:-
 - The funding of Adult Social Care/The Green Paper on Adult Social Care
 - The expansion of Catterick Garrison
 - Inconsiderate parking by some motorists
- b) That it be noted the Work Programme will develop and evolve and be considered at each meeting of this Committee.

11 Next Meeting

Resolved -

That the next meeting of the Committee be held on Wednesday 29 August 2018 at County Hall, Northallerton, commencing at 10.00 a.m.

The meeting concluded at 11.23 a.m.

PD

North Yorkshire County Council

Richmond (Yorks) Area Committee

29 August 2018

**Membership of the Committee –
Appointment of Co-opted Member**

**Report of the Assistant Chief Executive
(Legal and Democratic Services)**

1.0 Purpose of the Report

- 1.1 To invite the Committee to confirm the appointment of a nomination for appointment as a Co-opted Member of this Committee.

2.0 Background

- 2.1 At its first meeting in June, the Committee resolved that Mr. Malcolm Warne be invited to be a Co-opted Member of the Committee.
- 2.2 Mr. Warne has accepted this invitation. Therefore, the Committee is asked to formally confirm Mr. Warne as a Co-opted Member of the Committee.

3.0 Term of Office

- 3.1 Until the Annual Council Meeting in May 2019.

4.0 Recommendation

- 4.1 The Committee is asked to approve the appointment of Mr. Malcolm Warne as a Co-opted Member of the Committee.

Richmond (Yorks) Area Constituency Committee

29 August 2018

Development of Catterick Garrison

1. Purpose of report - to set the scene for an initial discussion on the impact of the development of Catterick Garrison.
2. Catterick Garrison is the British Army's largest garrison, comprising over 20 barracks and facilities spread across three civil parishes (Hipswell, Scotton and Colburn). The population of the three parishes totals around 16,500 of which around 5,700 are military personnel and around 7,300 are the families of military personnel. In addition around 3,000 military personnel are trained at the Infantry Training Centre each year.
3. As part of Army 2020 Refine (the Ministry of Defence's plan for the restructuring of the British Army), the number of military personnel based permanently in the Garrison is expected to increase to around 8,400 by 2030. This is expected to result in a similar increase in the families of military personnel.
4. The numbers of military personnel, the military units involved and the detailed timescales are still to be confirmed. An announcement from the Government on these is expected in autumn 2018. The commissioning by the MOD of an Assessment Study has been delayed.
5. Subject to confirmation, it is anticipated that the first part of the development will start in 2020. The timing of the second part will be linked to MOD estate disposals across the UK. However, as the development of the Garrison is part of a complex national programme and subject to future strategic defence reviews, the timings and eventual extent of the development may change.
6. The development of the Garrison will require significant MOD investment in military workspace and housing (both single person and family). There will also be a rationalisation of the existing Garrison estate, releasing land for commercial development (retail and hospitality) and new open market housing.
7. The MOD has established programme management arrangements and a multi-agency strategic group. Strategic group membership includes the County Council Leader and Chief Executive, with similar representation from Richmondshire District Council and the Local Enterprise Partnership.
8. The provision of school places is a key issue for the County Council. In 2017 three primary schools in the Garrison were expanded and a new school is planned for 2019. Two classrooms were added to Colburn Community

Primary School, three classrooms and a new hall were added to Le Cateau Community Primary School, and one additional classroom was added to Hipswell CE Primary School. A new primary school will also be built on the Darlington College site. This new school, to be known as Cambria Community Primary School, is scheduled to open gradually in September 2019, with a phased pupil build-up starting with just its Reception and Nursery opening.

9. The County Council has significant experience of working with the MOD to prepare for large scale changes in military presence, most recently major unit moves in 2015 and 2016 from Germany and Cyprus. The County Council is also engaged in managing the impact of moves of military personnel and their families as part of the usual pattern of military re-deployments. Ofsted and the Royal British Legion have recognised best practice examples from North Yorkshire regarding admissions and pupil wellbeing.
10. However, at present, there is still uncertainty about the future demand for school places. A number of scenarios are being considered to further expand primary and secondary capacity.
11. The provision of local roads and other infrastructure is also a key issue for the County Council. At present, there is still uncertainty about the additional infrastructure - including roads - that will be required.
12. The County Council is working with the MOD and Richmondshire District Council to prepare the background evidence which will enable the impact of the development on the highway network to be quantified, including the current base position taking into account the recently opened A1(M) upgrade and Bedale, Aiskew and Leeming Bypass.
13. The MOD and local authorities have agreed to develop a joint masterplan for the development of the Garrison, alongside a refresh of the Richmondshire Local Plan 2012-28. The Government's Planning Delivery Fund has allocated £50,000 to support innovative housing design which will see consultants work with the local authorities and the MOD on the masterplanning exercise. The MOD has also agreed to fund an additional three-year post in Richmondshire District Council's planning team to cope with demand during the exercise, and has allocated £20,000 to support communications work to keep the public up to date with the development. It is important that the masterplan is developed in true and positive partnership with local stakeholders including the County Council, seeking to ensure that military and wider public service interests are considered and addressed in a way that maximises the quality of place wherever possible.
14. The development of the Garrison will give the local economy a significant boost with increased spending by military personnel and families, more opportunities for spousal employment, and further expansion of the Garrison 'town centre'. There will also be other opportunities if the MOD can be

persuaded to undertake more local procurement. The County Council is keen to work with the MOD, the Local Enterprise Partnership and other partners to seek to maximise the economic benefit of the development for the benefit of everyone living in Hipswell, Scotton, Colburn and the surrounding area.

15. The successful integration of increased numbers of military personnel and their families, and civilians resident in new open market housing, with the existing communities of Hipswell, Scotton and Colburn will require proactive leadership and partnership from the MOD, military unit commanders, local authorities, local community organisations and the developers of new open market housing.
16. NHS England has provided £317,000 to enable the NHS Hambleton, Richmondshire and Whitby Clinical Commissioning Group (CCG) and the MOD to develop a joint business case which would potentially lead to the building of a new integrated care facility for everyone living in Hipswell, Scotton, Colburn and the surrounding area. The CCG and the MOD will be seeking to inform the public about, and involve them in, the development of the joint business case.
17. The County Council and many other local partners are signatories to the Armed Forces Covenant <http://nypartnerships.org.uk/covenant>. This is a promise to ensure that those who serve or have served in the armed forces and their families are treated fairly, there is no disadvantage in the provision of public services to the members of the armed forces community compared to other citizens, with special consideration for those who have given the most such as the injured or bereaved.
18. The Committee is recommended to consider the issues raised in the report, in particular:
 - a. An announcement from the Government is expected in autumn 2018 regarding the numbers of military personnel, the military units involved and the detailed timescales.
 - b. Detailed planning on essential infrastructure, including school places and roads, is not possible until the Government has made the announcement and the Assessment Study to be commissioned by the MOD has been completed.
 - c. Any delay will seriously hinder the ability of the responsible bodies, including the County Council, to have the essential infrastructure in place in time.
 - d. The development of the Garrison will give the local economy a significant boost, but there will also be other opportunities if the MOD can be persuaded to undertake more local procurement.

- e. The need for proactive leadership and partnership to ensure the successful integration of increased numbers of military personnel and their families, and civilians resident in new open market housing, with the existing communities of Hipswell, Scotton and Colburn.

Neil Irving
Assistant Director Policy and Partnerships
16 August 2018

Richmond (Yorks) Area Constituency Committee
DRAFT Work Programme 2018/19

10.00 a.m. on Wednesday 13th June 2018

Subject	Description
Area Constituency Committees - A suggested way forward	To update Members on role of the Area Constituency Committee and outline suggestions for: a standard agenda; co-option of Members; management of regular updates; and links with NYCC Overview and Scrutiny.
Area Constituency Committee, Area Profile	To provide an overview of some of the key issues in the area covered by the Area Constituency Committee
Draft Work Programme	To consider what the Committee's Work Programme should be for 2018/19.

10.00 a.m. on Wednesday 29th August 2018

Subject	Description
Discussion of issues with Local MP (Rishi Sunak will be attending)	Rishi Sunak to be invited to share his "Top Ten Issues".
The funding of Adult Social Care/The Green Paper on Adult Social Care	To discuss the Adult Social Care Green Paper and, more broadly, the funding of Adult Social Care. To highlight the local funding issues to the MP and for Committee Members to identify local concerns that would need to be taken into account as part of the development of or consideration of the Green Paper.
The expansion of Catterick Garrison	To consider the impact of such a large confluence of people who are not local to the area and how this might be mitigated. To appraise the MP of the situation and seek his thoughts.

10.00 a.m. on Wednesday 21st November 2018

Subject	Description
Supported Living	Review of supported living provision and links to future development of the NYCC services – linked to the Care and Independence Overview and Scrutiny Committee
Heritage and Natural Environment	Tourism and the promotion of local heritage and natural environment – linked to the Transport, Environment and Economy Overview and Scrutiny Committee
Rural Crime Strategy	Response to rural crime, including wildlife crime – linked to the Police and Crime Panel
Inconsiderate parking by some motorists	To appraise Members of issues identified in Thirsk, Leeming Bar and other areas and the multi-agency approach to this

10.00 a.m. on Wednesday 27th March 2019

Subject	Description
Community Safety	Overview of community safety issues, including updates from: Yorkshire Ambulance Service Police; Fire and Rescue; Community Safety; Highways – Road Safety; Stronger Communities; and Public Health – identification of any further lines of enquiry
Small Schools	Review of educational outcomes at small schools – linked to the Young People’s Overview and Scrutiny Committee
Delayed Transfers of Care	Review of work by Health and Social Care to reduce Delayed Transfers of Care – linked to the Care and Independence Overview and Scrutiny Committee

NOTE: Set out below are aspects of the Work Programmes of the former Hambleton and Richmondshire Area Committees that are not picked up elsewhere and areas of overview and scrutiny that do not yet have a confirmed date for Committee, which the Area Constituency Committee may choose to add to its Work Programme in due course:

Hambleton Area Committee's Work Programme

- Hambleton, Richmondshire & Whitby Clinical Commissioning Group (CCG) updates
- Update on the progress on the Old Prison site on East Road, Northallerton

Richmondshire Area Committee's Work Programme

- Prevention Service (formerly Youth Service)
- Adult Learning Service
- Changes to Healthcare Provision in Richmondshire
- The way forward for Post Office facilities to be provided if premises cannot be found for a traditional Post Office
- Safeguarding Vulnerable Adults
- Annual Update on Vulnerable, Exploited, Missing and Trafficked Children

Areas of overview and scrutiny that do not yet have a confirmed date for Committee:

1. Parent governors – roles and responsibilities
2. Highways England – local developments
3. School exclusions – numbers and responses
4. 101 non-emergency service – performance
5. Local Nature Partnership – roles and responsibilities
6. Local Enterprise Partnership – sustainable economic development
7. Electric charge points for private and commercial vehicles.
8. Rural Bus Services
9. Mental Health Services - Reconfiguration of mental health services and local impact
10. Friarage Hospital – Development of the site and review of what services will be available
11. Mental health prevention services – Local review undertaken by HAS and CCGs which may have particular local impacts
12. Drug, alcohol and smoking prevention and treatment services - Reprocurement of substance misuse services by Public Health which may have a local impact
13. SEND Transport - Follow up once the proposed changes to charging have been implemented to ascertain the impact
14. Broadband – Roll Out of Phase 3
