

Agenda

Meeting: Scarborough & Whitby Area Constituency Committee

Venue: Remote Meeting via TEAMS

Date: Friday 6th November 2020 at 10am

Business

Pursuant to The Local Authorities and Police and Crime Panels (Coronavirus) (Flexibility of Local Authority Police and Crime Panel Meetings) (England and Wales) Regulations 2020, this meeting will be held using video conferencing with a live broadcast to the Council's YouTube site. Further information on this is available on the committee pages on the Council website - <https://democracy.northyorks.gov.uk/>

The meeting will be available to view once the meeting commences, via the following link - www.northyorks.gov.uk/livemeetings. Recording of previous live broadcast meetings are also available there.

1. **Minutes of the meeting held on 16 September 2020** (Pages 5 to 8)
2. **Apologies for Absence**
3. **Declarations of Interest**
4. **Public Questions or Statements**

Members of the public may ask questions or make statements at this meeting if they have given notice and provided the text to Melanie Carr of Democratic Services (*contact details below*) no later than midday on Tuesday 3 November 2020. Each speaker should limit themselves to 3 minutes on any item. Members of the public who have given notice, will be invited to speak:

- at this point in the meeting if their questions/statements relate to matters which are not otherwise on the Agenda (subject to an overall time limit of 30 minutes);
- when the relevant Agenda item is being considered if they wish to speak on a matter which is on the Agenda for this meeting.

If you are exercising your right to speak at this meeting, but do not wish to be recorded, please inform the Chairman who will instruct those taking a recording to cease whilst you speak.

5. Yorkshire Water Environmental Performance Update (Pages 9 to 16)

Purpose: To provide a presentation on the Environment Agency's latest Environmental Performance Assessment of Yorkshire Water.

6. Schools Educational Achievement and Finance (Pages 17 to 30)

Purpose: To provide an update on the local educational landscape, educational achievement and the financial challenges affecting schools in the Scarborough & Whitby constituency committee area.

7. Work Programme (Pages 31 to 34)

Purpose: To consider, develop and adopt a Work Programme for 2020/21 for the Area Constituency Committee.

8. Other business which the Chairman agrees should be considered as a matter of urgency because of special circumstances.

Barry Khan
Assistant Chief Executive (Legal and Democratic Services)
County Hall
Northallerton

29 October 2020

North Yorkshire County Council

Scarborough and Whitby Area Constituency Committee

Minutes of the remote meeting held on Wednesday 16 September 2020 at 10.30 am via Skype

Present:-

County Councillors Derek Bastiman, Eric Broadbent, David Chance, Liz Colling, David Jeffels, Janet Jefferson, Andrew Jenkinson, Clive Pearson (Vice Chairman), Joe Plant (Chairman), Tony Randerson and

Officers: Richard Marr (Highways Area Manager); Helen Watson (Highways & Transport Improvement Manager); Andrew Dixon (Strategic Planning Manager); Howard Emmett (AD Strategic Resources); Jane le Sage(AD Inclusion); Julie Pattison (Senior Educational Advisor); Sally Dunn (Head of Finance, Schools & Early Years); Joy Willis (Principal Advisor, CYPS); Melanie Carr (Democratic Service & Scrutiny); Daniel Harry (Democratic Services & Scrutiny Manager) and David Edwardes (IT Support).

Also Present: County Councillors Carl Les & Gareth Dadd; Inspector Matt Hagen & PC Rory Sadler - North Yorkshire Police; Alex Richards - Scarborough Borough Council; Andrew Santon - Highways England.

Apologies for Absence: County Councillors Andrew Broadbent & Roberta Swiers.

Copies of all documents considered are in the Minute Book

57. Minutes of the meeting of the Scarborough & Whitby Area Committee held on 15 January 2020

Resolved -

That the Minutes of the meeting held on 15 January 2020, having been printed and circulated, be taken as read and confirmed and signed by the Chairman as a correct record.

58. Declarations of Interest

There were no declarations of interest.

59. Public Questions or Statements

There were no public questions or statements.

60. Rural Policing Update

Considered - A presentation from Inspector Matt Hagen & PC Rory Sadler of North Yorkshire Police (NYP) on the work of the Rural Taskforce, which highlighted the current issues within the Scarborough and Whitby constituency area and provided a breakdown of the statistics for the different types of crime recorded.

PC Rory Sadler provided a detailed overview of the North Yorkshire Police's ongoing Operations – Checkpoint and Figaro.

It was confirmed that Operation Checkpoint was intelligence led, focussed on tackling cross-border criminality, and jointly run by forces across the north of England. It was noted that:

- The Scarborough & Whitby constituency area was at the lower end of rural crime figures compared to other areas across North Yorkshire.
- Poaching season had now started leading to an increase in the number of reports of damage to crops and gates, and harassment of land owners.
- Opportunistic crime was commonplace.
- Theft of power tools and quad bikes regularly reported

In regard to Operation Figaro, NYP's civil action approach to poaching i.e. the issuing of community protection warnings and Notices, Members noted that a lack of compliance with the associated conditions would result in criminal charges and Criminal Behaviour Orders being made – the equivalent of an Anti-social Behaviour Order.

PC Rory Sadler went on to provide an overview of NYP's Rural Watch Scheme, facilitated through social media, allowing rural communities to contact and receive feedback from NYP to report suspicious behaviour in their communities. Members agreed that rural communities were often hard to reach communities and therefore welcomed the use of WhatsApp as a way of keeping in touch with the Police and enabling communities to work together to prevent crime in their localities.

County Councillor David Jeffels queried whether the older Countryside Watch schemes and Farm Watch Schemes were still running, and it was confirmed there were still approximately 25 countryside watch schemes, but in many areas, a WhatsApp group was replacing them.

County Councillor Derek Bastiman questioned whether hare coursing suspects were likely to take note of a Community Protection Warning/ Notice, and it was confirmed that many do go on to re-offend. It was noted that the final outcome for repeat offenders was a Criminal Behaviour Order, being barred from the county and the confiscation of their vehicle, equipment and dog.

In regard to Raptor Persecution – Operation Owl, it was confirmed that North Yorkshire was the worst hit county for that type of crime, with an increasing number of calls being received by NYP. Inspector Matt Hagen stressed it was particularly prevalent in the Scarborough & Whitby constituency area. It was noted that forensic evidence was often required to successfully prosecute offenders and therefore specialist wildlife crime officers were involved.

In regard to Operation Seabird, PC Rory Sadler confirmed that a number of partner organisations were working with the Police to protect seabird colonies and sea life e.g. the RNLI, the RSPCA and Humberside Police Marine Unit. In response to a query raised by

County Councillor Derek Bastiman, regarding the policing of the use of jet skis, Inspector Matt Hagan agreed to provide the details of a contact at Humberside Police.

Members acknowledged the problems with getting farmers and landowners to come forward and give evidence, and provided feedback from their local Rural Watch, some of whom were unable to get out as often as they would like, as a Police officer was not always available to go out with them. It was noted that PCSOs did not have the power to stop and investigate vehicles acting suspiciously.

Members thanked Inspector Matt Hagen and PC Rory Sadler for their attendance and it was:

Resolved –

That the presentation be noted.

61. Update on National Town Deal Project for Scarborough & Whitby

Considered – A presentation from Alex Richards, Scarborough District Council's Economic Development Manager on the Town Deal for Scarborough & Whitby, which provided an overview of the ambitions for both towns, the physical transformation schemes being proposed as part of the bid for both towns, and the steps taken to date in the lead up to the bid submission.

The presentation also provided a detailed breakdown of the public stakeholder consultation undertaken, and the associated cost and expected benefits for each proposed scheme.

Members were pleased to note:

- The level of public engagement in the consultation - 500+ written contributions for Whitby and 700+ for Scarborough – which helped generate and inform the proposed schemes
- The additional Government funding for a number of fast track projects / quick wins - £7K for Scarborough and £5K for Whitby;
- The progress made with developing the Masterplan Framework;

Whilst members were in favour of the proposed schemes for Whitby, concern was expressed by some about the impact of increased traffic and impeded traffic flow on other areas of town, because of the proposed pedestrianisation of Whitby Bridge. They questioned whether it would improve the economy of the town and suggested further thought should be given to the accessibility of the taxi rank near the harbour, the turning spaces for buses etc, and the knock on effects on parking in the outskirts of town, which was already a problem.

County Councillor Liz Colling went on to query the planned improved access to free wifi. In particular, the security of that access and its ongoing maintenance. She was also unconvinced by the proposed Broomfield carbon neutral self-build housing scheme. querying its value to anyone other than those few house owners.

In response, officers confirmed:

- The free Wi-Fi would provide public access to council and other public service providers through a system that supported a whole host of other activities that generated additional bandwidth revenue.
- Green skills education and training would be delivered by the self-build scheme through a partnership with Scarborough's Construction Skills Village.

In regard to Scarborough's LCWIP, it was noted that the four strategic corridors proposed as part of the Town Deal would be a significant investment in the area (£6m), providing 16km of quality dedicated cycleways and supporting cycle infrastructure.

Members thanked Alex Richards and NYCC officers for their update and it was

Resolved – That the update be noted.

62. Schools Educational Achievement & Finance

Resolved – That the update on the local educational landscape, educational achievement and the financial challenges affecting schools in the Scarborough & Whitby constituency committee area be deferred to the next meeting of the Committee on 6 November 2020.

63. Scarborough and Whitby Area Constituency Committee Work Programme 2020/21

Considered -

The report of the Assistant Chief Executive (Legal and Democratic Services) asking Members to review the Work Programme, taking into account the outcome of discussions on previous agenda items and any other developments taking place across the area.

County Councillor Andrew Jenkinson requested an update on the Crown Tavern roundabout in Scarborough be added to the agenda for the next meeting in November 2020.

Resolved -

That the Democracy Officer update the work programme to reflect the decisions made during the meeting.

The meeting concluded at 12:50pm

MLC

Environmental Performance Assessment

Yorkshire Water Performance Update

ITEM 5

YorkshireWater

What is the Environmental Performance Assessment?

- The Environment Agency's annual Environmental Performance Assessment (EPA) assesses the performance of the 9 water and sewerage companies in England.
- It was introduced in 2011 and measures performance associated with reducing pollution incidents, complying with discharge permits for sewage treatment and water treatment plants, delivering environmental improvement schemes and providing secure supplies of water.
- Companies are given a rating out of four stars to summarise performance.

Self-reported pollution incidents (%)	AMP ² / NEP ³ scheme delivery (%)	Security of supply index (SoSI)	Overall performance star rating (out of 4)
---------------------------------------	---	---------------------------------	--

Total pollution incidents per 10,000km ² (actual)	Serious pollution incidents per 10,000km ² (actual)	Discharge permit compliance % (failing sites)
--	--	---

10

Yorkshire Water Performance in 2018

We last updated the committee in January, following the publication of the EPA for 2018.

We were clear at the time that the performance wasn't reflective of where we wanted to be and we put measures in place to improve performance, including spending an additional £50m on pollution improvements.

Indicator	2018
Total Pollutions	44
Serious Pollutions	2.3
Discharge Permit Compliance	97.5
Pollution Self Reporting	73
NEP Delivery	100
Security of Supply Index	100
Overall Rating	Poor 

Yorkshire Water Performance in 2019

The EPA for 2019 was published in September (delayed from July due to Covid-19).

Our pollution performance improved significantly and we achieved a three star rating meaning our performance is classed as good.

Indicator	2018	2019
Total Pollutions	44	35
Serious Pollutions	2.3	1.3
Discharge Permit Compliance	97.5	97.5
Pollution Self Reporting	73	73
NEP Delivery	100	99.2
Security of Supply Index	100	100
Overall Rating	Poor ★ ★ ☆ ☆	Good ★ ★ ★ ☆

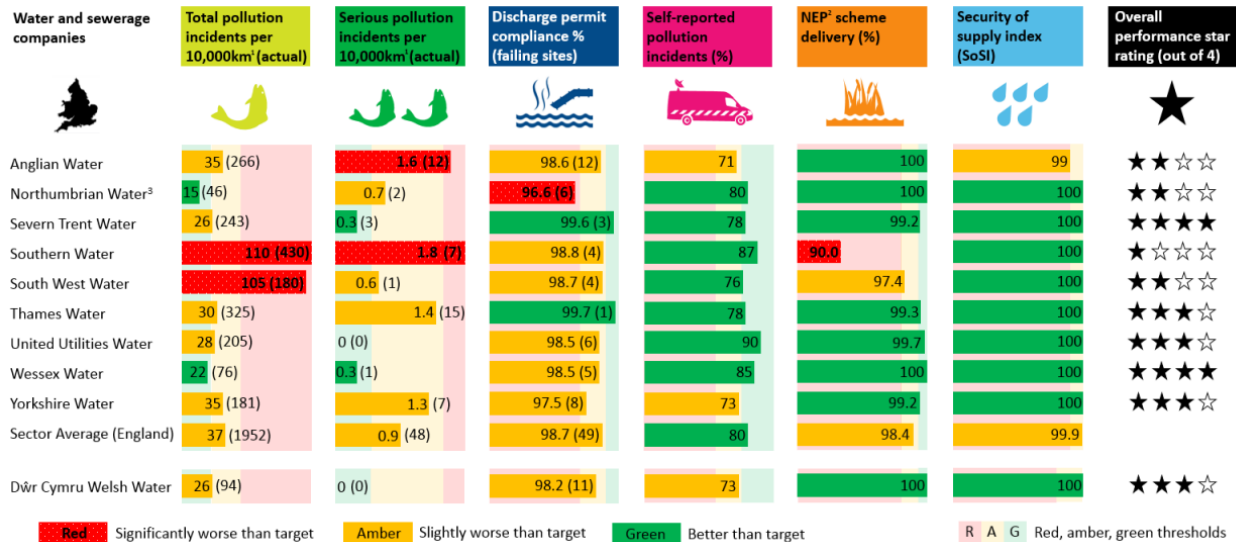

2019 Performance Across The Industry

In 2019 two companies achieved a four star rating.

Four companies (including Yorkshire Water) were rated three stars.

Three companies were rated two stars.

One company was rated one star.

Yorkshire Water Performance in 2020

The EPA covers performance during the calendar year, so whilst the 2019 EPA has just been published, we are almost at the end of the measurement year for the 2020 EPA.

Despite the challenges caused by Covid-19, performance this year has been very good.

Indicator	2018	2019	2020*
Total Pollutions	44	35	20*
Serious Pollutions	2.3	1.3	0.6*
Discharge Permit Compliance	97.5	97.5	99.1*
Pollution Self Reporting	73	73	82*
NEP Delivery	100	99.2	100*
Security of Supply Index	100	100	100*
Overall Rating	Poor ★ ★ ★ ☆ ☆	Good ★ ★ ★ ★ ☆	Leading* ★ ★ ★ ★ ★

*Figures up to Sept 2020. EPA is measured up to 31st Dec so the position could change.

2021 and beyond

From 1st January 2021 a new methodology will be introduced for the EPA.

The new methodology increases the thresholds, making it harder to achieve the higher ratings.

The first EPA using the new methodology will be published in 2022.

Thank You

**North Yorkshire County Council
Scarborough & Whitby Area Constituency Committee
6 November 2020**

Schools, Educational Achievement and Finance

1.0 Purpose of the Report

- 1.1 To inform Members of the local educational landscape, educational achievement and the financial challenges which affect schools in the Scarborough & Whitby constituency committee area.

2.0 Local educational landscape

- 2.1 There are now 13 primary academies and 4 secondary academies within the Scarborough & Whitby constituency area. The academy conversion rate is slightly higher within the constituency area than the county as a whole (33% of primary schools in the area compared to 28% in North Yorkshire, and 57% of secondary schools in the area, compared to 56% in North Yorkshire).

Summary of schools' status – 31 August 2020

	Schools in North Yorkshire		Schools in Scarborough & Whitby ACC	
Primary Maintained	218	71.7%	26	67%
Primary Academy & Free Schools	86	28.3%	13	33%
Total	304		39	
Secondary Maintained	19	44%	3	43%
Secondary Academy & Free School	24	56%	4	57%
Total	43		7	
Special Maintained	8	80%	2	67%
Special Academy	2	20%	1	33%
Total	10		3	
PRU Maintained	4	80%	1	100%
PRU Academy	1	20%	0	
Total	5		1	
Total maintained	249	69%	32	64%
Total Academy	113	31%	18	36%
Overall Total	362		50	

3.0 School Standards

3.1 School Ofsted judgements

In the constituency area 79.5 per cent of primary schools are judged good or outstanding by Ofsted, which is below the North Yorkshire and national averages. In terms of secondary schools, 57.1 per cent are judged good or outstanding, which is lower than the North Yorkshire average and the national average. There are 7 schools currently judged requires improvement and 5 judged inadequate.

3.2 Attainment overall

Following the Coronavirus pandemic and lockdown, pupils in all phases of schooling did not sit formal examinations. This means that for GCSE, A Level and other qualifications, pupils' grades are based on centre assessed grades (CAGs) or the grade calculated by the exam board during the standardisation process, whichever is higher. Schools followed rigorous guidance in order to make sure that their CAGs were as accurate as possible. Since government guidance states that 2020 outcomes must not be used for monitoring and accountability purposes, the Local Authority will not be publishing 2020 examination results or outcomes at any key stage. With regard to Ofsted, inspections have ceased and will not be reinstated until January 2021 although Ofsted 'visits' will be undertaken during the Autumn term in order to gather information about how schools across the country are managing the full return to school. Guidelines to Ofsted inspectors say that the data and information will be based on 2019 exam results.

The following sections provide 2019 outcomes for:

- Early Years Foundation Stage Profile – assessment at the end of reception (4-5 year olds)
- Key Stage 2 – assessment at the end of primary school (10-11 year olds)
- Key Stage 4 – assessment at the end of secondary school (15-16 year olds)

- Key Stage 5 – assessment at the end of sixth form/college (17-18 year olds)

3.3 Early Years Foundation Stage Profile

70.0% of children in the constituency area achieved a Good Level of development. The level of performance has improved since 2017 but is still below the national and North Yorkshire averages, which have also improved over that timeframe.

Early Years Foundation Stage Profile – percentage achieving a good level of development			
	Scarborough & Whitby	North Yorkshire	National
2017	67.1%	71.6%	70.7%
2018	67.5%	72.5%	71.6%
2019	70.0%	72.8%	71.8%

3.4 Key Stage 2

55.7% of children in the constituency area achieved the expected level or above in reading, writing and maths combined, which is below the North Yorkshire and national benchmarks. The level of performance in the constituency has decreased since 2018 by 1.8%, over the same period the average achievement improved across North Yorkshire and nationally.

Key Stage 2 - percentage achieving the expected standard or above in reading, writing and maths combined.			
	Scarborough & Whitby	North Yorkshire	National
2017	49.3%	58.7%	61.1%
2018	57.6%	62.2%	64.4%
2019	55.7%	63.3%	65.0%

3.5 Key Stage 4

The average Attainment 8 score, which measures the achievement of a pupil across eight qualifications, was 40.8. This is below the North Yorkshire average and below the national average. Performance had increased between 2017 and 2018 but fell for 2019. The national trend across the same period was a more modest increase between 2017 and 2018 but this increase continued between 2018 and 2019. Although average Attainment 8 Scores across North Yorkshire remained above those for the constituency, the opposite trend was true with a decrease between 2017 and 2018 followed by an increase between 2018 and 2019.

KS4 – Average Attainment 8 Score			
	Scarborough & Whitby	North Yorkshire	National
2017	41.9	49.6	46.3
2018	42.3	48.3	46.4
2019	40.8	48.7	46.7

The Progress 8 score, which measures a pupil's progress from the end of primary school to the end of secondary school, was lower than the national average and the North Yorkshire average (0 is the national average). The performance, by this measure, has got worse since 2017. This also the case on average across North Yorkshire although the starting point was higher and the level of decrease is not as high as that in the constituency.

KS4 – Average Progress 8 Score			
	Scarborough & Whitby	North Yorkshire	National
2017	-0.13	0.17	0.00
2018	-0.06	0.13	0.00
2019	-0.31	0.09	0.00

The percentage achieving a grade 5 or above (grading is 9-1) in English and Maths was 34.3%. This is below the national average and below the North Yorkshire average. There was improvement in the constituency between 2017 and 2018 against a slight decline in the North Yorkshire average but a slight improvement nationally. However, between 2018 and 2019 the average achievement by this measure fell in the constituency alongside a smaller decrease across North Yorkshire and a small increase in performance nationally.

KS4 – Percentage achieving a grade 5 or above in English and Maths			
	Scarborough & Whitby	North Yorkshire	National
2017	35.8%	50.4%	42.6%
2018	38.7%	47.7%	43%
2019	34.3%	47.4%	43.2%

3.6 Key Stage 5

The A-level average point score per entry in the constituency was 30.8 which is below the national and North Yorkshire averages. The increase in this score since 2018 is similar to the increase across the North Yorkshire and Nationally across the same period.

KS5 – A-level average point score per entry			
	Scarborough & Whitby	North Yorkshire	National
2017	32.9	33.9	32.3
2018	28.3	32.8	31.8
2019	30.8	33.4	32.2

3.7 Not in education, employment or training

There were 993 young people recorded in Year 11 in May 2019 across the constituency and of this cohort 10 (1.01%) were not in education, employment or training after leaving school as of January 2020.

Of the 34 young people who were not in education, employment or training after leaving school across the county 29.4% were located in this constituency area.

4.0 Fixed-term and Permanent Exclusions

4.1 Fixed-term exclusion incidents

The table below shows the number of fixed-term exclusion incidents for the 2019/20 academic year to 23rd March (lockdown).

In the 2019/20 school year up to Covid-19 lockdown, 1023 of the 4111 incidences of fixed-term exclusions in mainstream schools across the county were applied to 338 children and young people who went to schools in the constituency. The current rate of children fixed-term excluded at least once in the year is 2.9% of the mainstream school population in the constituency.

The most common reason for a fixed-term exclusion in the constituency has consistently been 'persistent disruptive behaviour'.

Fixed term exclusions				
Academic year	Scarborough & Whitby	North Yorkshire	Percentage of North Yorkshire total	Most common reason (Scarborough & Whitby)
2019/20 (up to 23rd March Covid-19 lockdown)	1023	4111	24.90%	Persistent disruptive behaviour (48%)
2018/19	2001	5962	33.60%	Persistent disruptive behaviour (52.1%)
2017/18	1869	6,005	31.10%	Persistent disruptive behaviour (50.9%)
2016/17	1362	4,583	29.70%	Persistent disruptive behaviour (57.1%)

In 2019/20 schools in the constituency area had a 14.4% share of the total schools' population in North Yorkshire but had a 24.9% share of fixed term exclusions for the whole county, although this proportion dropped from 33.6% in 2018/19.

Fixed-term exclusions can be a useful sanction, but frequent use can place pressure on family and foster placements, impacts on achievement, and may lead to risky behaviour while the pupil is not in school during the day.

4.2 Permanent exclusions

The table below shows the number of permanent exclusions and the most common reasons for permanent exclusion:

Permanent exclusions				
Academic year	Scarborough & Whitby	North Yorkshire	Percentage of North Yorkshire total	Most common reason (Scarborough & Whitby)
2019/20 (up to 23rd March Covid-19 lockdown)	5	56	8.90%	Persistent Disruptive Behaviour (60%, 3 permanent exclusions)
2018/19	20	87	23.00%	Verbal abuse/threatening behaviour against an adult (33.3%)
2017/18	25	103	24.20%	Physical Abuse against a Pupil (24%) and Physical Abuse against an Adult (24%)
2016/17	26	86	30.20%	Physical assault against a pupil (38.5%)

4.3 Local authority response to exclusions

For permanent exclusions, the local authority must arrange suitable full-time education for the pupil to begin no later than the sixth school day of the exclusion.

Reducing exclusions is an on-going priority for the Council as the local authority recognises the negative impact of such on outcomes for young people. Actions to support schools include:

- Tracking levels of exclusion and visiting the highest excluding schools to review the issues behind these exclusions with head teachers
- Proactively contacting schools to offer support to children subject to a high level of repeat fixed-term exclusions

- Training and CPD
- Implementation of the ladder of intervention which sets out best practice and signposts to resources and support for children with challenging behaviour.
- Reshaping of educational provision for those with SEND as detailed in the Strategic Plan for SEND Provision

5.0 Special Education Needs and Disabilities

5.1 Reshaping of SEN Provision in Scarborough & Whitby over the 2019/20 Academic Year

5.1.1 Targeted Mainstream Provision

As part of the SEND Strategic Plan for Educational provision 2018-23, it was identified that there was a need to change the model for Enhanced Mainstream School (EMS) to provide greater numbers of in reach places for children with an EHC Plan who were able to access mainstream schooling but with additional support to meet their special educational needs. A new model of provision, Targeted Mainstream Provision (TMP) has been developed which is intended to help the LA meet demand for full time education provision for children with SEND and who have an Education, Health and Care Plan (EHCP). As the number of children with an EHCP continues to rise, and demand increases on special school and high cost independent school places, the establishment of full time places in TMP will assist the LA in providing suitable local education provision to meet levels of demand.

The process required for changing between these models was started in 2019 and over the 2019/20 academic year consultation was held with stakeholders including at schools where the EMS model was being discontinued and where the new TMP model was proposed to be located. After following the statutory processes required the decision to implement these changes from September 2020 was approved by the NYCC Executive on 18 August 2020. The number of schools currently approved to operate TMP represents the first phase and it is intended that over the next year further schools will be brought on board to increase the total number of TMP across the county. In the initial phase two primary academies, East Whitby Academy and West Cliff Academy have been approved for C&I and SEMH respectively and in addition the Scarborough Pupil Referral Unit will be working to develop a partnership with Scalby School to provide secondary SEMH targeted provision

The 'outreach' offer for children and young people with SEND will continue to be met by the new SEND multi-disciplinary hubs made up of with specialist staff employed directly by the Local Authority including specialist teachers, practitioners, educational psychologists and therapists.

5.1.2 Springhead Special School Sixth Form

A standalone piece of work that has been carried out over the past academic year has been to formalise the temporary arrangement which was in place whereby Springhead School operated their Sixth Form Provision from the former Raincliffe School site in Scarborough. The statutory process was carried out over the Spring and Summer terms, including consultation with stakeholders, and was approved by the Executive on 9th June 2020.

5.2 SEN Statistics for Constituency Area

As of January 2020 there were 427 children living in the constituency with a North Yorkshire funded EHC plan, 13.9% of the North Yorkshire total. The most common needs for children with a North Yorkshire funded EHC plan living in the area are Autistic Spectrum Disorder (ASD) at 26 %, Social, Emotional and Mental Health (SEMH) at 20.4%, and Moderate Learning Disabilities (MLD) at 19.7%.

5.3 As of the January 2020 school census there were 1526 children recorded as SEN Support from schools in this constituency, 16.6% of the North Yorkshire total. The most common needs for children receiving SEN support in the area are Moderate Learning Difficulties at 23.4% and Speech, Language and Communication at 21.2%.

6.0 School Finance

6.1 Schools in Financial Difficulty – the countywide position

As of March 2020 the overall position for North Yorkshire Schools was:

- 37 schools with accumulated deficits totalling £7.2M
- This was an increase of £2.2M from 2018/19 (after adjusting for school closures, amalgamations and academy conversions in 2019/20)
- Deficits range from £1k (small primary) up to £1.6M (special school)
- Average primary school in deficit is £45k
- Average secondary school in deficit is £521k
- Of the 37 schools, 19 are predicting that their position will deteriorate
- 18 schools are projected to improve their position, but only 9 are projected to get back into surplus.

6.2 School Projections - Based on May 2020/21 Start budgets

- 115 LA maintained schools (49%) are projecting an in-year deficit in 2020/21
- 7 schools will move from a surplus balance to a deficit balance by March 2021
- 15% of LA maintained schools are in deficit – that is projected to rise to just over one in five by 2021/22 and two out of every five by March 2023.

	2017/18	2018/19	2019/20	2020/21	2021/22	2022/23
Number of Schools in Deficit	54	47	37	35	55	93
Value of Deficit	£4.4M	£6.0M	£7.2M	£9.4M	£12.5M	£18.3M
Proportion of schools in deficit	19%	18%	15%	15%	23%	40%

6.3 Funding

- Concern around overall quantum of funding given cost pressures (e.g.future pay awards, additional expenditure and income loss associated with Covid-19))

- North Yorkshire secondary schools are placed 133 out of 149 local authorities in terms of funding. On average, a school in North Yorkshire will receive £5,151 per pupil in 2020-21 compared to a national average of £5,496. Comparing the funding for a 1,500 pupil secondary school this equates to a difference in funding of £0.5m
- For primary schools, a North Yorkshire school will receive on average £4,347 per pupil compared to a national average of £4,279.
- Concern over impact of continued high needs financial pressures on school budgets
- North Yorkshire has a number of schools that, geographically, are vital in serving their local communities. Inadequate sparsity funding and general financial pressures, particularly for smaller secondary schools, continue to be a significant concern.

6.4 Schools in Financial Difficulty – Scarborough and Whitby

2020/21	2022/23
4 schools projecting to be in deficit by March 2021; 13% of schools in Scarborough and Whitby	15 schools projecting to be in deficit by March 2023; 48% of schools in Scarborough and Whitby
2 primaries; 1 secondary; 1 special,	9 primaries; 2 secondaries; 2 specials, 1 nursery and 1 PRU
Total projected value of deficits = £901k	Total projected value of deficits = £3.1M
Projected average primary deficit = £37k; Projected average secondary deficit = £751k Projected average special deficit = £75k	Projected average primary deficit = £81k; Projected average secondary deficit = £595k Projected average special deficit = £384k Projected PRU deficit = £379k Projected nursery deficit = £37k

7.0 Planning school places

7.1 School sustainability

The sustainability of schools is largely influenced by three key factors which are usually related to each other:

- Falling pupil rolls
- School standards
- Financial difficulty

Where school closures have regrettably occurred in North Yorkshire all of these factors have been relevant. There have been 10 closures in the county since 2017 although none of these have been within the Constituency Area. The most recent closure in the constituency was to allow an Infant School to close into an expanded Junior School to form a Primary School, rather than for any viability reasons. A consultation on a potential closure in Whitby was halted during the Covid lockdown and the position is under review.

7.2 Collaborative working

Collaborative working is two or more schools working together to the mutual benefit of their pupils with the overall aim of improving outcomes for all. This has the potential to broaden opportunities and contribute to efficiencies. There are now 3 federations in the Scarborough and Whitby area. In each of these federations there are 2 maintained schools with a single governing body and headteacher. In two cases the pairs of schools are small, rural schools with the same religious character and LA Officers worked with the Diocese of York to support the Governing Bodies of the Schools to come to the federation decision. The third federation is made up of Caedmon College Whitby and Eskdale School, the secondary schools which serve Whitby Town and its rural area. This federation is the result of closer working relationships towards the shared goal of continuing to increase the quality of provision for pupils in the Whitby area. There is also a fourth and long standing 'cross border' Federation between St George's R.C. Primary School in Eastfield and a Roman Catholic School in Bridlington.

There are also a number of other arrangements operating across the constituency. Typically, these arrangements feature the shared headship but without the shared governance which would characterise federation. Local Authority officers regularly support discussions between school leaders and governors to consider where collaborative working opportunities are available.

7.3 Pupil rolls – current and future

The County Council has a statutory duty to ensure sufficient school places are available for every child under the Education Act 1996. For this purpose, it groups schools together into planning areas in accordance with the requirements of the Education and Skills Funding Agency. Appendix 1 shows the planning areas together with:

- Capacity in the planning area
- Current numbers on roll
- Projected future numbers
- Projected impact of approved housing developments

7.4 The County Council is carefully monitoring pupil numbers across the constituency area. A large proportion of the constituency is rural and served by small schools located within villages. A falling birth-rate combined with changing demographics means that a number of small schools are facing financial challenges associated with low numbers on roll. In some areas larger schools also face financial difficulty as they experience lower numbers than they are historically structured to accommodate. This is particularly the case where numbers on roll are above a round form of entry e.g. 1 or 2 forms of entry (30 or 60 pupils), but are not high enough to easily afford the structure for the next form of entry.

7.5 Larger Villages with proposed or committed housing developments – There a number of villages where housing allocations have been made within the Local Plan including East and West Ayton, Seamer and Burniston. The schools that serve these areas East Ayton Community Primary School, Seamer and Irton Community Primary School and Lindhead School respectively are operating near

to capacity. Where possible within planning regulations, developer contributions have been sought to provide additional school places should the need arise.

7.6 Scarborough North and Central Primary areas - The North and Central areas cover all of the schools located within the urban area of Scarborough Town. These two areas have conflicting pressures with the schools in the North area having high numbers on roll at present and significant housing developments with planning permission plus others allocated in the Local Plan going forward. The strategy to provide these places within the North has been to seek a site as part of the largest housing allocation and to provide a new school, should it be required, through developer contributions. Whereas in the Central Area the falling birth rate in the district has caused a fall in pupil numbers which is beginning to cause financial pressure in some of the schools which have previously operated at higher numbers on roll. Local Authority officers attended a meeting with primary Headteachers in the area in the Autumn term 2019 and discussed the issues arising from this dichotomy. One of the key concerns has been that providing additional places to meet new demand for places in the North of Scarborough too early could further destabilise schools in central Scarborough. As a result of this discussion all of the primary schools decided to keep their planned admission numbers at the same level but this will be kept under review.

7.7 Scarborough South Area (Eastfield and Cayton) – The Scarborough South Area is the main area of proposed housing growth for Scarborough Borough Council (SBC). Significant housing developments are underway at Middle Deepdale (Eastfield) and sites are allocated in the Local Plan for North of Middle Deepdale and also in the ‘South Cayton Strategic Area’. The latter two developments are not included in the figures appended as they do not yet have planning permission but are projected to require significant educational provision. Some of this need could be met at local schools but there is likely to be a need for additional schools within the area. The LA is working with SBC to ensure that, where appropriate, developer contributions are secured.

7.8 Overdale C.P. School

For the developments that are on site with planning permission to the North of Eastfield the LA was not able to secure S106 contributions due to existing capacity in the school system at that point. However, the developers of these sites and SBC were keen to provide funding towards a new school site appropriately located to link the existing and new housing developments within Eastfield. To this end the LA have been working with local stakeholders to relocate Overdale Community Primary School to a new site with enough capacity to accommodate the pupils from the current areas with planning permission at Middle Deepdale. This project started on site in June 2020 and the target date for delivery of this new school site is now Summer 2021. Due to Covid 19 the usual ‘ground breaking’ exercise with significant gathering of interested parties was not possible. However, a limited event compliant with restrictions in place at that point did take place. All parties are hopeful that, public health circumstances allowing, a far larger event will be able to take place later in the build process to celebrate this significant development for the pupils, staff and community.

7.9 Scarborough Secondary Area – The appended figures illustrate that across the Scarborough Secondary Planning Area there is forecast to be a relatively

significant surplus of places by 2024/25. However, beyond this the surplus will be reduced if the allocated housing sites in the Local Plan achieve planning permission and are built out. Further projections of this scenario indicate that additional secondary accommodation may need to be provided at George Pindar School to meet the developments within their catchment area. Although it should be noted that at present there is a surplus at the school and this is project to continue unless a large proportion of the proposed housing comes forward. During 2019/2020 academic year the Hope Learning Trust who are the Multi Academy Trust which operate Graham School and George Pindar School consulted upon a reduction of their Planned Admission Number which would have the effect of reducing the Net Capacity of both schools from September 2021. The proposed level of reduction was reduced following concerns raised by LA Officers around ensuring that sufficient capacity was retained across the system and agreement was reached to hold annual reviews of sufficiency of places across the area.

7.10 Whitby Town Area – As demonstrated in the appended figures, there is significant surplus capacity within both the Primary and Secondary sector. The reorganisation of the secondary schools into a federation of two 11-16 institutions located on separate sites, with a shared Sixth Form Unit located on a third site has been implemented. A capital project by the federation, funded jointly by the Local Authority and the Department for Education, has seen the Scoresby site (former Caedmon School) refurbished specifically to provide a high quality environment for Sixth Form education in Whitby.

7.11 Rural Primary Schools- The rural areas of the constituency are characterised by small primary schools serving villages as well as, in some cases, very extensive sparsely populated catchment areas. The geography combined with low pupil numbers lead to financial and organisational challenges for some schools. Across the constituency the schools have worked innovatively to mitigate these challenges including forming local federations and Multi-Academy Trusts. Like all small schools the fluctuation of pupil numbers exacerbates the already challenging nature of school funding.

8.0 Recommendation

8.1 That Members note the report on educational factors in the Scarborough and Whitby constituency area.

Authors: Amanda Newbold (Assistant Director – Education and Skills), Howard Emmett (Assistant Director – Strategic Resources), Jane Le-Sage (Assistant Director – Inclusion), Andrew Dixon (Strategic Planning Manager).

Note

- Figures above take into account outstanding housing permissions, but not undetermined planning applications or draft Local Plan proposals.

**North Yorkshire County Council
Scarborough & Whitby Area Constituency Committee
6 November 2020
Committee Work Programme**

1.0 Purpose of Report

- 1.1 The report asks Members to consider the Committee's work programme for 2020/21 – shown at Annex A, and propose topics for future consideration.

2.0 Committee Remit

2.1 The Area Constituency Committees:

- Act as a forum for Members to bring forward issues affecting their local Electoral Divisions
- Hear and respond to questions and statements from members of the public relating to anything affecting the community within the constituency area
- Agree a Work Programme which lists items of business which the Committee wishes to consider at future meetings
- Undertake meaningful scrutiny of local health issues within their constituency area, complementing the strategic work undertaken by the Scrutiny of Health Committee
- Undertake meaningful scrutiny of local transport issues within their constituency area, complementing the strategic work undertaken by Transport, Economy and Environment Overview and Scrutiny Committee
- Act as consultees in major decisions that affect their constituency area (including responding to consultations)
- Make recommendations on the application of Innovation funding (supported by the Stronger Communities Team)
- Develop a working relationship with the local MP, sharing updates and information on relevant local issues being addressed by the committee.

3.0 Scheduled Meeting Dates for 2020/21

- 3.1 The remaining committee dates for this municipal year 2020/2021 are:

Wednesday 20 January 2021 at 10:30am

Wednesday 17 March 2021 at 10:30am

4.0 Work Programme

4.1 The Committee's work programme for 2020/21 is attached at Annex A.

5.0 Recommendation

5.1 Members are asked to consider, amend and add to the Committee's draft work programme for 2020/21 shown at Annex A.

Scarborough and Whitby Area Constituency Committee

Work Programme 2020/21

10.30am on 17 June 2020 – CANCELLED

Subject	Description
2020/21 Work Programme	Review of areas for Scrutiny

10.30am on 16 September 2020 – To be held remotely via Skype

Subject	Description
Rural Policing Update	Annual Update from the NYP Rural Taskforce Unit
North Yorkshire Fire & Rescue Service Update	Attendance of NYFRS representative to update on a number of local projects
National Town Deal Project	Progress update on Town Deal funded project for Scarborough & Whitby
2020/21 Work Programme	Review of areas for Scrutiny

10am on 6 November 2020 – To be held remotely via TEAMS

Yorkshire Water - Environmental Performance Update	Attendance of Paul Carter, Head of Corporate Affairs at Yorkshire Water – Update on Environmental Performance Assessment
North Yorkshire Fire & Rescue Service Update	Attendance of North Yorkshire Fire and Rescue Service Group Manager - An overview of four NYFRS projects affecting the constituency area.
Schools, Educational Achievement & Finance	An overview of the local educational landscape, educational achievement and the financial challenges which affect schools in the Scarborough & Whitby constituency area
2020/21 Work Programme	Review of areas for Scrutiny

10:30am on 20 January 2021 – To be held remotely via TEAMS

Attendance of local MP	Opportunity for the RT Hon Robert Goodwill MP to share his main issues of local interest
Budget 2021/22 Proposals	Overview of Budget proposals for 2021/22 – Gary Fielding, Director of Strategic Resources
Road Markings on Prospect Road, Scarborough	Overview Report -
2020/21 Work Programme	Review of areas for Scrutiny

10:30am on 17 March 2021 – To be held remotely via TEAMS

Subject	Description
Bi-annual Crime Data Update	Presentation on crime data for the constituency area
Rural Commission	Review of Findings
Draft Work Programme for 2021/22	To consider and amend of areas for Scrutiny

Not yet scheduled:

1. Funding opportunities & Access to alternative sources of funding for community projects (not public or private sector)

2. Coastal Growth Plan
