1.0 What are Community Engagement Forums?

Community Engagement Forums (CEFs) are public meetings at which you can raise any concern or make any comment about your local area and your local services.

They are split into two parts an open community forum where all residents of the CEF area can attend and a Partnership Board meeting which is open to the public but contributions can only be made at the chairs discretion.

The Community Forum meetings give you a chance to speak directly to the people who deliver your local services, for example policing, street cleaning and road safety. This is a chance for you to have your say about the issues that are important to you and the place where you live.

The Partnership Board meeting is where funding applications are discussed and necessary decisions are made for the furtherance of forum business. The Partnership Board is made up of District Councillors, Parish Councillors and co-opted members of the community.

CEFs will meet no less than 4 times in a year the timetable for each CEF will be decided by their Partnership Board and all dates will be published on Selby District Councils website at www.selby.gov.uk/cefs

2.0 Purpose of the Community Development Plan.

The purpose of this plan is to focus our minds on what is important to us within our neighbourhoods and identify our priorities for the future. It has been created to encourage local people to share their views, time and expertise to deliver projects that will make a 'real' difference within our area.

In the production of this plan, we have engaged Groundwork North Yorkshire to work with us and a number of other agencies to gather information and consult with as many people as possible who live and work in the area, to reflect their views and opinions for inclusion in this plan.

3.0 What funding do we have?

The Partnership Board is allocated an annual budget which is divided into two halves, the first of which will be used at the discretion of the Partnership Board to help resolve local issues and/ or enhance local services. The second will be used to further the objectives of the areas Community Development Plan by allocating grants to specific projects and schemes who apply to the Community Fund.

5.0 Facts and Figures

The Central Area CEF has a population of 20,783 people. 14,731 live in the town of Selby whilst 5,299 live in the parish of Brayton and 753 live in the parish of Barlow.

Barlby Bridge is also part of the central CEF area and is part of the Barlby and civil parish, statistics showing individual population numbers have proven hard to locate.

Approximately 28% of residents are under the age of 24 with the highest ratio of young people living in Selby against the parish total.

In terms of the older people, 23% are over the age of 60 with the highest ratio of older people living in the parish of Brayton against the parish total. These statistics indicate that demands on services will continue to grow over the coming years.

19% of residents in Selby rate themselves as having some limiting long-term illness, compared to 17% in Brayton and 14% in Barlow.

Overall 2,104 residents within the Central Area CEF are providing care for others. This equates to 8% of the population with the biggest proportion living in the Brayton Parish which is indicative of the aging population within that area.

Out of the four wards, Selby East and Selby West fall within the lowest quintile (most deprived 20%) in England in the overall Index of Multiple Deprivation covering income; employment; health; education; barriers to housing and services; crime and living environment.

It is noted that Selby West Ward is the most deprived ward in the district and ranking 2057 IMD in England.

6.0 Consultation

In the preparation of this plan, we have drawn evidence together from a number of previous consultations over the past three years to give us the basis of our key objectives.

These consultations have included participatory research undertaken as part of the Big Local initiative, the consultation evidence that formed the basis of the Selby South Community First Plan and audits undertaken as part of the Selby Town Enterprise Partnership (STEP).

This list is by no means exhaustive and projects are generated through public concerns raised at the Community Engagement Forum meetings.

7.0 What area do we cover?

Our area of responsibility not only covers the town of Selby, but also includes the parishes of Barlow, Brayton and Barlby Bridge.

The map below shows the boundary of the CEF areas:
