

Central CEF Community Development Plan – Updated March 2018

Please note: there are a number of Key Objectives that no longer have any projects, it would be great for us to discuss what our thoughts are on this. I am going to carry out an exercise before our next Project Board meeting that will look at the grants we have awarded and which objectives seem to be the most aligned to.

I have also previously mentioned about groundwork carrying out a number of Roadshow in the late spring, this should also give me some informed ideas that I will put forward to you in order to update and add to this CPD.

I am also going to organise a meeting with Big Local, SDC, STC and STEP to discuss further project ideas.

I have also separated out the completed projects as requested at the last Project board meeting and included written explanation of the Keys in the priority boxes as requested.

The following action plan sets out the key actions for the Central Area CEF for the year 2017 to 2018

Key objective one: TIDY ENVIRONMENT What are we going to do? To provide a tidy environment by working in partnership with local communities and town centre stakeholders to improve neglected areas within the public realm.
