IMPACT REPORT FOR PERIOD _____ TO April 2018

Q1 In no more than 500 words please outline the key outcomes of your project.

The outcome of the project was to purchase a minibus as a replacement for our old one which was written off in an accident.

Q2 In no more than 500 words please demonstrate how the project has met the Community Development Plan objectives that were identified in the original application for funding.

We have now purchased a minibus which has enabled the young people/cadets to attend a wide range of activities and experiences which they would otherwise would have been unable to. This contributes to objective 1 - community leisure, culture + education. They are also able to take a more active role in civic society, safety - objective 2.

Q3 In no more than 250 words please give details of any additional benefits or objectives that the project has met that were not anticipated/ outlined in the original application for funding.

Additional benefits have possibly been that the Squadron has been able to recruit more cadet and volunteer staff members. Appropriate badging on the side will be able to advertise the CEF. -Please could you send the appropriate artwork?

Any other comments on the project and its success:

Having a working minibus has brought a whole new lease of life to the Squadron.
