#### **Work Programme**

#### 1.0 Purpose of Report

1.1 This report asks the Committee to confirm, amend or add to the list of matters shown on the work programme schedule (attached at Appendix A).

#### 2.0 Work Programme Schedule

2.1 The Work Programme Schedule is attached at Appendix A and Members are asked to consider, amend and add to the Committee's Work Programme.

#### 3.0 Mid Cycle Briefing Discussion

- 3.1 Your chairman and group spokespersons have met on a number of occasions since the last meeting about the make-up of the work programme.
- 3.2 Last year, the committee overhauled its work programme, moving away from agendas that seemed, at times, a mini re-run of Executive member business. The aim was to be more outward looking, more thematic with a stronger emphasis on evaluating outcomes. Having now reflected on this, group spokespersons, whilst generally happy with some previously agreed items such as Hospital Admissions for Young People, concluded that the element of scrutiny's role that is about "...providing 'critical friend' challenge to executive policy makers and decision makers", currently doesn't feature strongly enough.
- 3.3 Whilst wanting to devote more attention to "assurance" work, lead members have stressed that it is the impact on outcomes and performance which is of most interest, rather than (just) directorate compliance.
- 3.4 The list of suggested items on the Appendix B attached reflects these discussions. At this stage it is, however, more of a "wish list" than a final work programme. These ideas have been shared with the Corporate Director for Children and Young Peoples Services. The view was that scope of some themes would benefit from being combined and/or reframed to retain a strategic outlook, and the timings might need to be readjusted if we are to get partners and contributors to this project to attend and help.
- 3.5 Further discussions are planned, so there will be opportunities over the next few months to discuss changes and revisions and put these before the Committee's December meeting.
- 3.6 In the meantime, comments are invited on whether the list represents a good starting point for an effective work programme.
- 3.7 Your attention is also drawn to the list of planned committee dates for the next eighteen months.

#### 4.0 White Paper

- 4.1 When Carolyn briefed the committee at its June meeting on the White Paper, members said they would like to take some time out to discuss its implications. Having since spoken to the group spokespersons and to the Director, what would be of most use is a broad ranging discussion/briefing on the changing landscape of education the increasingly diverse nature of school status, the evolving role of local education authorities etc. If this is feasible, it would certainly help clarify thinking on the items listed assuming they are agreed.
- 4.2 The Chairman's suggestion is to do something along these lines straight after the end of the 16 December Scrutiny Committee meeting. Members' views are sought.

#### 5.0 Youth Justice System

- 5.1 The group spokesperson have also agreed to look at the local changes planned to the Youth Justice System, which is under national departmental review for the Ministry of Justice. The review is examining evidence on what works to prevent youth crime and rehabilitate young offenders, and how this is applied in practice; how the youth justice system can most effectively interact with wider services for children and young people; and whether the current delivery models and governance arrangements remain fit for purpose and achieve value for money. The final report was expected in July 2016, but has been delayed.
- 5.2 Bearing in mind structural changes at a local level are under consideration, your Chairman has asked that the planned briefing to group spokespersons be held over to the February 2017 Mid Cycle Briefing, by which time a clearer picture will emerge of the direction the North Yorkshire Justice Board intends to take. And then a decision can be taken about how best to bring that to the attention of the full committee

#### 6.0 Recommendation

6.1 The Committee is asked to confirm, comment or add to the areas of work listed in the Work Programme schedule.
