YP Scrutiny Committee Involvement in NY Strategic Plan for Provision of SEND

The Committee agreed with its Chair's suggestion that scrutiny review the SEND Strategic Plan proposals. This paper highlights the key considerations and options.

1. Thoughts on Scrutiny Role

Critical Friend

- Advising the Executive on the merits of the proposals.
- Can be expected to reach a views on proposed service change, and its impact in the longer term.
- The possibility and likelihood of scrutiny reaching a definitive view on the final CYPS recommendations depends on the timetable.

Local Interest and responsibility

- Committee is a consultee, but not a decision maker.
- There is an expectation that scrutiny members will put themselves in the position to be able to comment upon hat service change means for locality and service users.

Holding the Executive to account

• Compliance and Assurance eg scrutiny evaluates the consultation process.

2. First Scrutiny meeting: 19 January (currently scheduled Mid cycle briefing date)

Governance Issues/Considerations

- Predicted level of member attendance (not scheduled meeting)
- The authority of the meeting is limited. It is not a formal meeting in public

Format

- Both Janes to attend.
- We need only use can use the consultation document as a centrepiece for informal briefing and discussion session.
- At the moment would be informal briefing. Not in public.
- Likelihood is an invitation extend to all committee members.

Probable Content at the briefing – what Jane and Jane will do

- Explain the service change understanding the proposals a broadened version of the members' seminar, but centred on the consultation document.
- Statutory context, guidance, best practice considerations

- Existing provision how it will change. What will be different and why.
- Help members understanding the values and principles behind them.
- Get the message across that the proposals are a package, incorporating a number of related service areas
- Understanding the relationship between the strategic plan and the Capital Plan

What members will do - the committee as a consultee

- Are proposals they fit for purpose best practice, modern, thought through. Are they coherent, sufficiently ambitious
- Why what does it mean for localities and service users
- Are they consistent with how we go about business strategically in relation to our strategic objectives inclusion young and Yorkshire

What members will do - Assurance

- How the initial informal engagement phases shaped the consultation document proposals and approach.
- A view on the formal consultation as an effective process

Probable Outcome

Members reach conclusions and ask for statement to be drafted (RB) and submitted, under Chairman's name, to PH/directorate

3. Second Scrutiny (Committee) meeting

Key dates

- Executive meeting early March 2017
- Report published on end February

Purpose

Follow up to view taken at first meeting. Committee reaches a definitive, overall view on the proposals, based on previous position, but including commentary on:

- If the proposals have changed
- A view on how the responses handled
- Is there evidence that people understood and are behind the proposals
- Have concerns been addressed
- Any proposals which improvement resulting in changes will be measured

Issues/Consideration

- Will be formal meeting in public
- Must make it clear that scrutiny is an alternative source of lobbying; that is not scrutiny's role

Option A: Committee meets before Executive report published ie before 26 February

- Briefing to committee on emerging thoughts and results
- probably doesn't include conclusions and recommendations.

Option B: If committee meets after publication of Executive report but before Executive meeting, ie between 27 February and, realistically, Friday 2 March

Briefing and information given is essentially the same as given to Executive

Desired Outcome

Committee agrees conclusions and outlines statement which will be submitted and presented by Chairman at Executive early March 2018

4. <u>Post-Implementation</u>

- Medium term. Ongoing as and when circumstances dictate, but if happens will be low key -probably to members Mid Cycle Briefing.
- Long term Down the line, say, 18 months or so something more formal to committee with metrics
