Funding for York Music Hub and entry into York and North Yorkshire Music Hub Partnership

1.0 PURPOSE OF REPORT

- 1.1 To authorise the dissemination of the DfE allocation for York Music Hub, totalling £222,551 for academic year 2024/25, and enter into partnership agreements with York Music Hub
- 1.2 To seek approval to procure contracts to supply musical instruments, using the capital grant received from the Arts Council England. As a named hub lead North Yorkshire Council will also purchase goods for the benefit of the residents of York, using their allocated portion of the grant of £73,106.

2.0 BACKGROUND

- 2.1 As part of the redrawing of the map for Music Hubs, North Yorkshire have been paired with York Music Hub, a charitable trust in York. We successfully put in a joint bid with them which saw North Yorkshire Music Service remain as Lead Organisation in the hub. The grant allocation indicates an indicative amount for York of £222,551. This allocation is made up from a funding formula by DfE which includes school cohort and a weighting for those on FSM.
- 2.2 To draw down funding each quarter the Arts Council have asked that new partnership agreements be set up between the areas that have been joined together. We will not be given any funding until these have been agreed.
- 2.3 As part of our partnership agreements drawn up by our legal team, we are required by the Arts Council to pass this allocation to York Music Hub so they can deliver our agreed objectives across the York region.
- 2.4 The North Yorkshire Music Service will also be available to York schools as a provider of instrumental lessons. Any remissions for York schools/pupils will come out of the York allocation and be paid back to North Yorkshire Music Service e.g. remissions for whole class instrumental tuition.
- 2.5 The Capital Grant allocation is also divided into two parts, with £237,993 allocated to NYC and £73,106 allocated to York. However, NYC will own all instruments purchased with the capital grant as per the guidance from Arts Council England. We will consult with York Music Hub on the best use of the grant, identifying instrument purchases according to need.

3.0 ISSUES

- 3.1 We have consulted fully with York. There are no issues with the partnership agreements which are in line Arts Council guidance.
- 3.2 It is highly likely that the partnership agreements will need to be agreed again next year as current funding is for one academic year only. Further information about funding post 2025 is expected later this year.

4.0 FINANCIAL IMPLICATIONS

- 4.1 The Legal Team have drawn up two partnership agreements, as required by the Arts Council to cover delivery agreements with York Music Hub. One relates to the arrangements for the revenue grant and one for the capital grant. It is expected that we will top slice some of the grant to cover our own increased management costs and work we will do on behalf of York Music Hub.
- 4.2 The revenue grant is for £947,053 and the capital grant is £311,099 in total. The capital grant is linked to the revenue grant and will be released after presentation of the revenue grant. The capital grant is purely for providing new instruments to pupils and cannot be spent on storage, repairs or other costs relating to instruments. The revenue grant runs for academic year 2024/25 and the capital grant runs from academic year 2024 to 2026. However, the majority of the capital grant has to be spent in year 1.
- 4.3 The Music Service will provide quarterly financial updates to Arts Council. The partnership agreements set out the reporting process required of York Music Hub to enable North Yorkshire Music Service to complete budgetary reporting for the whole music hub. The agreements establish timeframes for reporting.

5.0 PROCUREMENT IMPLICATIONS

- 5.1 Rule 23.3 of the Procurement and Contract Procedure Rules state that for any Grant over £100,000, a competitive grants process must be completed. It is understood that the grant funding stipulates that North Yorkshire Council partner with York Music Hub to deliver the service up to an indicative value of £222,551. A competitive grants process is therefore not possible.
- 5.2 Rule 23.5 of the Procurement and Contract Procedure Rules state that specific exceptions are permitted in circumstances as the Monitoring Officer and S151 Officer may agree.
- 5.3 A Grant Exception Request form must be completed and approved by the Monitoring Officer and S151 Officer to ensure compliance with these Rules.

6.0 LEGAL IMPLICATIONS

- 6.1 The passing on of a portion of these grants to York Music Hub has been assessed as complying with the Subsidy Control regime. The Public Contracts Regulations 2015 will be complied with in any procurement relating to the expenditure by the Council of the grant monies.
- 6.2 Both the revenue and capital grants, which are separate but linked, are the subject of detailed and stringent terms and conditions that must be adhered to and have been reviewed by Legal Services. Legal Services have drafted two partnership agreements, as prescribed by the Department for Education in the grant terms and conditions.

7.0 EQUALITIES IMPLICATIONS

7.1 The Music Service has completed an Equalities Impact Assessment. There are no implications around equalities. We will continue to offer remissions for eligible pupils in North Yorkshire Schools for the forthcoming academic year. As funding is only guaranteed for one year, we will assess the ongoing implications of our remissions scheme for pupils next fiscal year when further funding agreements have been identified.

8.0 CLIMATE CHANGE IMPLICATIONS

- 8.1 To support the DfE's Operations and Supply Chains Action Area 4 and as part of the procurement process for the capital fund for musical instruments, we will question/score companies on their sustainable practices.
- 8.2 We have undertaken an initial screening for a climate change impact assessment. There are no implications on climate change.

9.0 HUMAN RESOURCES IMPLICATIONS

9.1 There are no HR issues identified as a result of granting the partnership agreements.

10.0 CONCLUSIONS

10.1 The partnership agreements will enable the close collaboration of partners in the York area and ensure the National Plan for Music Education is being delivered in line with grant conditions making sure that educational Key Performance Indicators are being met.

11.0 REASONS FOR RECOMMENDATIONS

11.1 To draw down payments of the grant from Arts Council England and pass relevant sums to the York Music Hub to implement the aims and conditions of the National Plan for Music Education.

12.0 RECOMMENDATION

12.1 That authorisation is given to enter into the partnership agreements between York Music Hub and The North Yorkshire Council and the dissemination of those elements of the grant monies allocated for use by the York Music Hub.

APPENDICES:

Appendix A – Arts Council funding allocations document

BACKGROUND DOCUMENTS: None

Assistant Director Education and Skills – Louise Wilson County Hall Northallerton

Report Author – Ian Bangay (Head of Music Service)
Presenter of Report – Ian Bangay (Head of Music Service)

Note: Members are invited to contact the author in advance of the meeting with any detailed queries or questions.
