Equality Impact Assessments (EIAs) are public documents. EIAs accompanying reports going to County Councillors for decisions are published with the committee papers on our website and are available in hard copy at the relevant meeting. To help people to find completed EIAs we also publish them in the Equality and Diversity section of our website. This will help people to see for themselves how we have paid due regard in order to meet statutory requirements.

Lead Officer and contact details	Andrew Dixon, County Hall
Names and roles of other people involved in carrying out the EIA	Matt George, Strategic Planning Officer
How will you pay due regard? e.g. working group, individual officer	LA Officers and School Governing Body
When did the due regard process start?	Non-statutory pre-consultation started in November 2021

Section 1. Please describe briefly what this EIA is about. (e.g. are you starting a new service, changing how you do something, stopping doing something?)

We are proposing to lower the age range of Goathland Community Primary School from 4-11 to 3-11.

Section 2. Why is this being proposed? What are the aims? What does the authority hope to achieve by it? (e.g. to save money, meet increased demand, do things in a better way.)

The County Council has been asked by the Governing Body of Goathland Community Primary School to propose the lowering of their age range to provide places for 3 year olds.

The proposed 3 year old Nursery Class will provide up to approximately 12 places. This would be arranged flexibly depending upon the needs of the family and current legislation. This could include supervision during lunch-time although there will be an additional charge if lunch is provided.

Section 3. What will change? What will be different for customers and/or staff?

Goathland Community Primary School is proposing to provide places for 3 and 4 year olds by the creation of provision for early years class from 25 April 2022. Priority for admission to the nursery aged provision will be determined by the County Council's Admissions Policy for Nurseries. Admissions for the nursery children are separate from admissions to the school, which are determined by the County Council's policy for Community and Voluntary Controlled Schools. Attendance in Nursery does not provide any priority for admission to the Reception Year so parents who do not wish to use the nursery are not disadvantaged.

Section 4. Involvement and consultation (What involvement and consultation has been done regarding the proposal and what are the results? What consultation will be needed and how will it be done?)

The school have undertaken the non-statutory consultation period as recommended by the Statutory Guidance.

Section 5. What impact will this proposal have on council budgets? Will it be cost neutral, have increased cost or reduce costs?

Please explain briefly why this will be the result.

It is envisaged that this proposal will be cost neutral as the Early Years funding will be received from means tested funding where children are eligible and by parental subscription where they are not.

There are no capital implications.

Section 6. How will this proposal affect	No impact	Make things better	Make things worse	Why will it have this effect? Provide evidence from engagement, consultation
