

North Yorkshire County Council

Young People Overview and Scrutiny Committee – 24th June 2022

Overview and Scrutiny at North Yorkshire County Council

Report by the Assistant Chief Executive (Legal and Democratic Services)

1.0 Purpose of Report

- 1.1 To provide Members with a summary of how overview and scrutiny is undertaken at the Council; the way in which subjects for scrutiny are identified; why it is important and what role Committee Members have to play.
- 1.2 The report also provides Members with details of some of the specific responsibilities and powers relating to this Committee.

2.0 Introduction/background

- 2.1 The Local Government Act 2000 first introduced the requirement for every Local Authority to include provision for at least one Scrutiny Committee. Under this Act and associated legislation, Scrutiny can make recommendations to the Executive and other local bodies. The Committees also have the power to question Cabinet Members, Council officers and representatives of other organisations, such as health and community safety agencies. The Committees can also investigate any issue which affects the local area or its residents.
- 2.2 For more detail on the roles and responsibilities that the Overview and Scrutiny Committees have, please refer to the North Yorkshire County Council Constitution – <http://www.northyorks.gov.uk/article/24041/The-council-constitution>

3.0 Why it is important

- 3.1 Overview and Scrutiny provides an important check and balance, helping to ensure that the decisions made by the Executive reflect the needs of local people; are financially robust; in keeping with the strategic priorities; and responsive to the operational demands of the Council.
- 3.2 Where Overview and Scrutiny is not active, engaged and inquisitive, then there is a risk that some strategic and operational issues could be overlooked and opportunities for early intervention and action missed. Examples of where this has occurred in other Local Authorities, albeit at the extreme, include: child sexual exploitation in Rotherham MBC; poor care and high mortality rates at Mid Staffordshire NHS Foundation Trust; and governance failings in Tower Hamlets LBC.

4.0 How it contributes to the Council's outcomes

In addition to being an important check and balance and providing early warning, Scrutiny aims to contribute to the Council's corporate outcomes in many other ways, including:

- Enabling Councillors to become directly involved in the development of: policy and strategy; consultation and public engagement planning; and the performance management of the Council

- Keeping Councillors and the public informed of key issues, priorities and initiatives
- Enabling direct engagement with the people of North Yorkshire
- Acting as a critical friend and providing Cabinet Members and senior officers with a non-partisan forum in which to test out ideas, approaches and gain feedback and suggestions
- Providing a structure, through the call-in process, for scrutinising specific decisions of the Executive
- Scrutinising issues of public concern beyond the remit of the Council

5.0 The Overview and Scrutiny Committees

5.1 The Young People Overview and Scrutiny Committee is one of the five thematic Overview and Scrutiny Committees, each of which meet in public four times a year. Its role is to scrutinise the planning, commissioning and delivery of services for children, young people and their families, including education, care and protection and family support.

5.2 The other four Overview and Scrutiny Committees are:-

- Transport, Economy and Environment – focussed upon transport and communications infrastructure, supporting business and helping people develop their skills, sustainable development, climate change, countryside management, waste management, environmental conservation and cultural issues
- Corporate and Partnerships - the Council's corporate organisation and structure, resource allocation, asset management, procurement policy, people strategy, equality and diversity, performance management, communications, partnership working, community development and engagement and community safety (as the designated Crime and Disorder Committee).
- Care and Independence – focussed upon the needs of vulnerable adults and older people and people whose independence needs to be supported by intervention from the public or voluntary sector
- Health - focussed upon the planning, provision and operation of health services in the County with the aim of acting as a lever to improve the health of local people and ensuring that the needs of the local people are considered as an integral part of the delivery and development of health services.

5.3 Overview and Scrutiny functions are also supported through the following bodies:-

Scrutiny Board – this is comprised of the Chairs of the five thematic Overview and Scrutiny Committees and enables work to be co-ordinated, opportunities for joint scrutiny to be identified, and Committee Chairs to act as critical friends.

Police, Fire and Crime Panel – which scrutinises the Police and Crime Commissioner. There is also a Complaints Sub-Committee, which meets on an adhoc basis.

Looked After Children's Members Group – this is not a formal Committee, but acts as an informal Advisory Group to the Executive Portfolio Holder for Children and Young Peoples Services. The Group performs a role consistent with statutory guidance for Local Authorities to promote the health and well-being of looked-after children.

6.0 Mid Cycle Briefings

- 6.1 In addition to formal meetings of the Committees, there is a system of Mid Cycle Briefings. A Mid Cycle Briefing enables the Chair, Vice Chair and Spokespersons for each Committee to meet in private four times a year to: discuss the work of the Committee; identify areas for in-depth scrutiny; and have an early discussion with commissioners and providers about topics that may be confidential or under development.

7.0 Different approaches to Overview and Scrutiny

- 7.1 In addition to formal Committee meetings and Mid Cycle Briefings, there are a number of approaches that Overview and Scrutiny can take, including:-
- Task and Finish Groups – these are informal, time-limited bodies comprised of Councillors that are established by the Committee to undertake a discrete piece of Scrutiny work and then report back their findings and recommendations.
 - In-depth Scrutiny Review – this is when the Committee undertakes a prolonged and detailed piece of work, which includes: desktop research; expert witnesses, typically commissioners and providers; service/site visits; and engagement with service users. This approach combines formal Committee meetings and the use of a Sub-Group.
 - Select Committee – where an Overview and Scrutiny Committee works as a whole Committee to address a particular issue. Typically, this would involve a one-off meeting lasting a day where a range of expert witnesses are invited to attend and give evidence. The Committee Members then analyse the evidence given and make recommendations for improvements.
 - Call-in – this is when non-Executive Members of the Council can have decisions of the Executive considered by a Scrutiny Committee.
 - Joint Scrutiny – this is when there is an issue that is directly relevant to more than one Overview and Scrutiny Committee and so a collaborative approach is taken. This can be internal or external. External joint Scrutiny is often undertaken by the Scrutiny of Health Committee.

8.0 Role of Committee Members

- 8.1 All the Members of an Overview and Scrutiny Committee have a key role to play in ensuring that Council and other public sector services are delivered effectively, efficiently and that they achieve good outcomes for local people. The things that Committee Members can do, include:
- Contributing to the development of the Committee's Work Programme, providing constructive challenge and suggesting topics for inclusion
 - Actively engaging with all stages of the Scrutiny process, including any additional groups or meetings that are set up outside of the scheduled, formal meetings of the Committee
 - Developing constructive relationships with other Members of the Committee, the relevant Portfolio Holders and Service Leads
 - Working apolitically as a Committee, with a strong focus upon service improvement and outcomes

- Receiving the data, information and analysis that is presented in an impartial manner
- Assessing the data, information and analysis presented to the Committee and testing the conclusions that are drawn
- Contributing to the development of recommendations, based on the Committee's deliberations, which are specific, realistic and relevant.

9.0 Some examples of areas considered by the Young People Overview and Scrutiny Committee

9.1 Set out below are some of the areas covered by the Committee in 2021/2022:-

Children's Mental Health – included information on the rising demand for services and actions being taken to address this

Child Death Overview Panel Annual Report – contained information on the number of children who had died; whether the deaths were expected or unexpected; and categories of death. (The job of the Panel is to review all child deaths and ascertain whether there are any modifiable factors to reduce the risk.)

Early Years – provided detail on the support for the Sector during Covid-19 and the continuing support that is available

Medical Education Service – updated on progress one year since its launch. (The Local Authority has a statutory duty to provide education for children and young people that are unable to attend school due to their medical needs - which could be physical or mental health needs.)

Safeguarding - Annual Report of the North Yorkshire Safeguarding Children Partnership, presented by the Independent Scrutineer

Schools Update - among the areas covered were Strategic Planning; School Funding; School Performance; Strategic Priorities; and School Improvement

Young People's Champion Annual Update – a summary of the work undertaken

10.0 Work Programme

10.1 The topics for Overview and Scrutiny are identified by the Committee Chairs, Vice-Chairs, Spokespersons and Members, advised by the relevant Overview and Scrutiny Officer, using some of the following sources of information:

- Performance data, information and analysis - in particular, when it has been benchmarked against similar Local Authorities
- Inspection reports, such as those produced by the Care Quality Commission or OFSTED
- National research findings
- National policy changes
- National and local consultations and public engagement events
- County Council Plan

- County Council budget and delivery against savings proposals and targets
 - Agendas for Executive
 - Local issues raised by elected Members, the public or highlighted in the media
 - Local networks and partnerships.
- 10.2 Where an initial area of interest or line of inquiry is identified, further information is gathered to ascertain whether this is a valid area for scrutiny that will add value and not duplicate work that is already underway.
- 10.3 On every Agenda for formal meetings of the Overview and Scrutiny Committees, there is an item on the Committee Work Programme. This provides Members with an opportunity to reflect on the issues that have been identified and assure themselves that they are appropriate for the Committee.
- 10.4 The Work Programme for this Committee is a separate Item on the Agenda for today's meeting.
