

This guidance is relevant to all categories of maintained schools (as defined in section 20 of the [School Standards and Framework Act \(SSFA\) 1998](#)), unless explicitly stated. It is not relevant to [Pupil Referral Units](#). Separate advice [on making significant changes to an academy](#) and [opening and closing a maintained school](#) is available.

Please refer to the '[Further Information](#)' section for the full website address should you be unable to access documents via the hyperlinks provided.

Terminology

Definitions of common terms used in this guidance:

Schools with a religious character - All schools designated as having a religious character in accordance with the [SSFA](#).

Foundation Trust - For the purpose of this guidance the term 'foundation trust' refers to a foundation complying with the requirements set out in section 23A of the SSFA.

Parent(s) - The Education Act 1996 defines 'parent' as including someone who has care of, or legal responsibility for, the child. Therefore, a parent can include, for example, a grandparent, other family member or foster carer if they have care of or responsibility for the child.

Main points

- All proposals for prescribed alterations must follow the processes set out in this guidance.
- Where a LA proposes to expand a school that is eligible for intervention as set out in Section 59 of the [Education and Inspections Act 2006](#), they should copy the proposal to the relevant [Regional Schools Commissioner \(RSC\)](#) at the point of publication.
- To enable the department to monitor potentially contentious proposals, the proposer should copy any proposal, which falls within the definitions set out in [part 3](#), to the School Organisation mailbox as soon as it is published schoolorganisation.notifications@education.gov.uk.
- LAs and GBs proposing to make a significant change to a school which has been designated as having a religious character should engage the trustees of the school, and in the case of Church schools the diocese or relevant

diocesan board, or any other relevant faith body, where appropriate at the earliest opportunity.

- Where a LA is the decision maker, it must make a decision within a period of two months of the end of the representation period. Where a decision is not made within this time frame, the LA must refer the proposal to the Schools Adjudicator for a decision.
- It is not possible for any school to gain, lose or change religious character through a change of category. Information on the process to be followed is available in the [opening and closing maintained schools guidance](#).
- Once a decision has been made the proposer (GB or LA) must make the necessary changes to the school's record in the department's system [Get Information About Schools](#) (GIAS) by the date the change is implemented.
- Where a school wishes to change their name, the GB will need to amend the Instrument of Government in line with regulation 30 of [The School Governance \(Constitution\) \(England\) Regulations 2012](#). Once that is done, either the school or the LA will need to update the school record in the department's GIAS system.

2: Prescribed alteration changes

Enlargement of premises (expansion)

Under section 14 of the [Education Act 1996](#), LAs have a statutory duty to ensure that there are sufficient schools for primary and secondary education in their areas. The department expects LAs to manage the school estate efficiently and to reduce or find alternative uses for surplus capacity (for example, increasing the provision of early education and childcare) to avoid detriment to schools' educational offer or financial position. LAs are encouraged to consider the use of modular construction solutions for any physical building expansion and to consider all options for the reutilisation of space including via remodelling, amalgamations, or closure where this would be the best course of action.

Where additional places are needed, including where there is a local demand for a particular category of places (for example in schools designated as having a religious character), the LA can propose an enlargement of the capacity¹ of premises.

The statutory process should be followed to enlarge premises as set out in the [Prescribed Alterations Regulations](#) (see [part 5](#)) if:

- the proposed enlargement is permanent (longer than three years) and **would increase the capacity of the school** by:
 - more than 30 pupils; **and**
 - 25% or 200 pupils (whichever is the lesser).
- the proposal involves making permanent any temporary enlargement (which was intended to be in place for no more than three years) that meets the above threshold.

GBs of all categories of mainstream schools and LAs can propose small scale expansions that do not meet the thresholds above without the need to follow the formal statutory process in [part 4](#). In many cases this can be achieved solely by increasing the school's published admissions number² (PAN); please see the [School Admissions Code](#). The thresholds do not, however, apply to special schools. Details of how special schools can increase their intake³ are covered below.

¹ Net capacity as calculated using the DfE Guidance Assessing the Net Capacity of Schools (2002).

² All admission authorities must set a published admission number (PAN) for each 'relevant age group' when they determine their admission arrangements. So, if a school has an admissions number of 120 pupils for Year 7, that is its PAN.

³ The number of pupils admitted into the school at a particular time

Examples of when mainstream schools would/would not need to publish 'enlargement' proposals

A secondary school with a capacity of 750 (5 form of entry - 30 pupils per class, 5 year groups) **could** enlarge its premises to add 1 form of entry (30 extra pupils x 5 year groups = increase of 150 pupils) bringing the capacity to 900 pupils, **without** having to publish statutory proposals. Although the increase would be by 'more than 30' pupils, it is less than '200', and also less than '25%' of the current capacity (i.e. by less than 187).

A small primary school with a capacity of 50 **could** enlarge its premises to increase its capacity by up to 29 pupils **without** having to publish statutory proposals, because although it would be more than '25%', it is less than 30.

A school of any size enlarging its premises to enable it to add 300 places **would** need to follow the statutory process as the increase would be **both** 'more than 30' **and** '200' (it may or may not be more than '25%' but that is irrelevant if the 200 threshold would be met).

A primary school with a capacity of 210 enlarging its premises to enable it to add 105 places (1.5 forms of entry 45 x 7 = 315), **would** need to follow the statutory process as the increase would be 'more than 30' and **more than** '25%' (it would be less than 200 but this is irrelevant as the 25% threshold would be met).

The quality of new places created through expansion

We expect LAs to consider a range of performance indicators and financial data, before deciding whether a school should be expanded. Where schools are underperforming, we would not expect them to expand, unless there is a strong case that this would help to raise standards. We expect LAs to create new places in schools that have an overall Ofsted rating of 'good' or 'outstanding'. If, however, there are no other feasible ways to create new places in the area, the LA should notify their Pupil Places Planning adviser⁴. In cases where there is a proposal to expand a school that is rated inadequate, the LA should also send a copy of the proposal to the [relevant RSC](#) so that they can ensure appropriate intervention strategies are in place.

The table below sets out who can propose an enlargement of premises and what process must be followed:

⁴ Advisers.PPP@education.gov.uk

Expansion onto an additional site (or ‘satellite sites’)

Where proposers seek to expand onto an additional site they will need to ensure that the new provision is genuinely a change to an existing school and not in reality the establishment of a new school. Where a LA decides that a new school is needed to meet basic need, they should refer to the [guidance for opening new schools](#).

Decisions about whether a proposal represents a genuine expansion will need to be taken on a case-by-case basis, but proposers and decision makers will need to consider this non-exhaustive list of factors which are intended to expose the extent to which the new site is integrated with the existing site, and the extent to which it will serve the same community as the existing site:

The reasons for the expansion

- What is the rationale for this approach and this particular site?

Admission and curriculum arrangements

- How will the new site be used (e.g. which age groups/pupils will it serve)?
- What will the admission arrangements be?
- Will there be movement of pupils between sites?

Governance and administration

- How will whole school activities be managed?
- Will staff be employed on contracts to work on both sites? How frequently will they do so?
- What governance, leadership and management arrangements will be put in place to oversee the new site (e.g. will the new site be governed by the same GB and the same school leadership team)?

Physical characteristics of the school

- How will facilities across the two sites be used (e.g. sharing of the facilities and resources available at the two sites, such as playing fields)?
- Is the new site in an area that is easily accessible to the community that the current school serves?

The purpose of considering these factors is to determine the level of integration between the two sites; the more integration, the more likely the change will be considered as an expansion.

LAs should copy any proposal to expand a school onto a satellite site to schoolorganisation.notifications@education.gov.uk for monitoring purposes.

Expansion of existing grammar schools

Legislation prohibits the establishment of new grammar schools⁵. Expansion of any existing grammar school onto a satellite site can only happen if the new site is genuinely part of the existing school. Decision-makers must consider the factors listed above when deciding if an expansion is a legitimate enlargement of an existing school.

Changes to the published admissions number (PAN) where an enlargement of premises has not taken place

Admission authorities⁶ must set a PAN for each 'relevant age group' when determining their admission arrangements. If an admission authority of a mainstream school wishes to increase or decrease PAN, without increasing the overall physical

⁵ Except where a grammar school is replacing one of more existing grammar schools

⁶ The LA in the case of community and voluntary controlled (VC) schools or the GB in the case of voluntary aided (VA) and foundation schools

capacity of the buildings, this would be classed as an admissions change, not a prescribed alteration. The statutory process described in this guidance would not need to be followed (please see the [School Admissions Code](#) for further details of the processes admission authorities must follow).

Change in number of pupils in a special school

The School Admissions Code does not apply to special schools. GBs of all categories of special school, and LAs for community special schools, may seek to increase the number of places by following the statutory process in [part 5](#), if the increase is by:

- 10%; or
- 20 pupils (or 5 pupils if the school is a boarding-only school),

(whichever is the smaller number).

The exception to this is where a special school is established in a hospital.

GBs of all categories of special school, and LAs for community special schools, may seek to decrease the number of pupils, by following the statutory process in [part 5](#).

The table below sets out who can propose a change in the number of pupils in a special school and what process must be followed:

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
GB foundation special	Increase by 10% or 20 pupils (5 for boarding special) or decrease numbers	Statutory process	LA	CofE Diocese RC Diocese GB/Trustees
GB community special	Increase by 10% or 20 pupils (5 for boarding special) or decrease numbers	Statutory process	LA	CofE Diocese RC Diocese

Change of age range

For changes that are expected to be in place for more than 2 years (as these are considered permanent increases):

LAs can propose:

- a change of age range of up to 2 years (except for adding or removing a sixth form) for voluntary and foundation schools by following the non-statutory process, see [part 4](#).
- a change of age range of 1 year or more for community schools (including the adding or removal of sixth form or nursery provision) and community special schools or alter the upper age limit of a foundation or voluntary school to add sixth form provision by following the statutory process, see [part 5](#).

GBs of foundation and voluntary schools can propose:

- an age range change of up to 2 years (except for adding or removing a sixth form) by following the non-statutory process, see [part 4](#).
- an age range change of 3 years or more (including adding or removing a sixth form) by following the statutory process, see [part 5](#).

Before making such a proposal, the GB should consult with LAs, and where the school is designated as having a religious character the trustees of the school, dioceses or relevant diocesan boards, or any other relevant faith body, to understand the place management needs of the area.

GBs of community schools can propose the alteration of their upper age limit to add sixth form provision following the statutory process, see [part 5](#).

GBs of community special and foundation special schools can propose a change of age range of 1 year or more following the statutory process, see [part 5](#).

Where a proposed age range change would also require an expansion of the school's premises, the LA or GB must also ensure that they act in accordance with the requirements for proposals for the [enlargement of premises](#).

In cases where the age-range of the school has changed, this should be altered on GIAS. For example if the age-range is changed so that the school no longer caters for pupils below compulsory school age, the lower age range of the school would need to be increased so as not to include that age group.

The table below sets out who can propose a change of age range and what process must be followed:

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
LA for voluntary and foundation	Alteration of upper or lower age range of up to 2 years (excluding adding or removing a sixth form)	Non statutory process	LA	NA

Adding a sixth form

The department wants to ensure that all temporary (which is anticipated will be in place for no more than 2 years) and permanent provision is of the highest quality and provides genuine value for money. There is a departmental expectation that proposals for the addition of sixth form provision will only be put forward for secondary schools that are rated as 'good' or 'outstanding' by Ofsted. Proposers should also consider the supply of other local post-16 provision in the area and assess if there is a genuine need for the additional provision.

In deciding whether new sixth form provision would be appropriate, proposers and decision makers should consider the following guidelines:

- **Quality:** The quality of pre-16 education must be good or outstanding (as rated by Ofsted) and the school must have a history of positive Progress 8 scores (above 0);
- **Size:** The proposed sixth form will provide at least 200 places and there should be sufficient demand for those places;
- **Subject Breadth:** The proposed sixth form should - either directly or through partnership - offer a minimum of 15 A level subjects. LAs may wish to consider the benefits of delivering a broader A level curriculum through

partnership arrangements with other school sixth forms. Working with others can offer opportunities to:

- Improve choice and attainment for pupils
- Deliver new, improved or more integrated services
- Make efficiency savings through sharing costs
- Develop a stronger, more united voice
- Share knowledge and information.

Schools proposing a partnership arrangement must include evidence of how this will operate on a day-to-day basis, including timetabling and the deployment of staff;

- **Demand:** There should be a clear demand for additional post-16 places in the local area (including evidence of a shortage of post-16 places and a consideration of the quality of Level 3 provision in the area). The proposed sixth form should not create excessive surplus places or have a detrimental effect on other high quality post-16 provision in the local area;
- **Financial viability:** The proposed sixth form should be financially viable (there must be evidence of financial resilience should student numbers fall). The average class size should be at least 15, unless there is a clear educational argument to run smaller classes – for example to build the initial credibility of courses with a view to increasing class size in future.

Not all changes in age range to add a sixth form will necessitate a change to the school's admissions arrangements, for example a school may set up sixth form provision solely for its own pupils. However, if the intention is to also admit external applicants to the sixth form the school will need to adopt a sixth form PAN and may also wish to add academic entry requirements on changing its age-range.

The addition of post-16 provision requires a change of age-range, therefore, where a decision-maker is considering a proposal to add post-16 provision, they should refer to the section on changing an age range.

Closing an additional site

For foundation and voluntary schools that are already operating on a satellite site(s), GBs must follow the statutory process in [part 5](#) if they are proposing the closure of one or more sites, where the main entrance at any of the school's remaining sites is one mile or more from the main entrance of the site which is to be closed. The LA may make such a proposal for a community school following the statutory process in [part 5](#).

The table below sets out who can propose the closure of an additional site and what process must be followed:

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
LA for community	Closure of one or multiple sites	Statutory process	LA	CofE Diocese RC Diocese
GB voluntary or foundation	Closure of one or multiple sites	Statutory process	LA	CofE Diocese RC Diocese GB/Trustees

Transfer to a new site

Where the main entrance of the proposed new site for a school would be more than two miles from the main entrance of the current school site, or if the proposed new site is within the area of another LA:

- **LAs** can propose the transfer to an entirely new site for community schools, community special schools and maintained nursery schools following the statutory process in [part 5](#).
- **GBs of voluntary, foundation, foundation special and community special** schools can also propose a transfer to a new site following the statutory process in [part 5](#).

The table below sets out who can propose a transfer to a new site and what process must be followed:

Proposer	Type of proposal	Process	Decision-maker	Right of appeal to the adjudicator
LA for community, community special and maintained nursery	Transfer to new site	Statutory process	LA	CofE Diocese RC Diocese
GB voluntary foundation or foundation special	Transfer to new site	Statutory process	LA	CofE Diocese RC Diocese GB/Trustees
GB community special	Transfer to new site	Statutory process	LA	CofE Diocese RC Diocese

Changes of category

GBs of all categories of maintained schools, apart from GBs of foundation special schools, may propose to change category by following the statutory process. The [addition or removal of a foundation](#) is described in [part 6](#). Where GBs are proposing a change of category covering a change in provision (e.g. from mainstream to special school) they are encouraged to seek advice by emailing schoolorganisation.notifications@education.gov.uk.

For a proposal to change the category of a school to voluntary-aided, the decision-maker should be satisfied that the GB and/or the foundation are able and willing to meet their financial responsibilities for building work. The decision-maker may wish to consider whether the GB has access to sufficient funds to enable it to meet 10% of its capital expenditure for at least five years from the date of implementation, taking into account anticipated building projects.

Guidance on adding or changing a designated religious character can be found in the [Opening and closing maintained schools](#) guidance.

The table below sets out who can propose a change of category and what process must be followed:

Single sex school becoming co-educational (or vice versa)

Proposers can seek to change their school from single sex to co-educational (or vice versa) when they can show that this would better serve their local community. A co-educational school cannot change its nursery or post-16 provision to single sex. When making a decision, LAs will need to consider the demand for and balance of school places for boys and girls in line with the [Equality Act 2010](#).

The table below sets out who can change a school from single sex to co-educational (or vice versa) and what process must be followed:

Mainstream school: establish/remove/alter special educational needs (SEN) provision

When considering any reorganisation of provision that the LA recognises as reserved for pupils with special educational needs, including that which might lead to children being displaced, proposers will need to demonstrate how the proposed alternative arrangements are likely to lead to improvements in the standard, quality and/or range of educational provision for those children.

The table below sets out who can propose to establish, remove or alter SEN provision and what process must be followed:

Boarding provision

The introduction of boarding provision can require the statutory process to be followed (depending on the type of school in question – see table below). LAs and GBs will need to consider how the Prescribed Alterations Regulations apply in conjunction with this guidance and, where there is any doubt, seek independent legal advice, as the department cannot advise on individual cases.

LAs can propose for:

- community schools; the establishment, removal or alteration (decrease by 50 pupils or 50% whichever is the greater) of boarding provision by following the statutory process in [part 5](#).

- community special schools; the establishment, removal or alteration (increase or decrease by 5 places or more where there are both day and boarding places) of boarding provision following the statutory process in [part 5](#).

GBs of voluntary and foundation schools can propose the establishment or increase of boarding provision following the non-statutory process in [part 4](#) and the removal or alteration (decrease by 50 pupils or 50% whichever is the greater) of boarding provision by following the statutory process in [part 5](#).

GBs of special schools can add or remove boarding provision or, where the school makes provision for day and boarding pupils, can increase or decrease boarding provision by five pupils or more following the statutory process in [part 5](#).

The table below sets out who can propose to establish, change or remove boarding provision and what process must be followed:

3: Contentious proposals

When proposing changes, LA's and GBs should act reasonably, and in line with the principles of public law, to ensure that the changes do not have a negative impact on the education of pupils in the area.

To enable the department to monitor potentially controversial proposals, LAs and GBs should notify schoolorganisation.notifications@education.gov.uk of the publication of any proposals which would:

- involve [expansion onto a separate 'satellite' site](#); or
- where objections have been raised that the proposed change could potentially undermine the quality of education in the local area by creating additional places where there is surplus capacity.

4: Changes that can be made outside of the statutory process

LAs and GBs of mainstream maintained schools can make limited changes (see [part 2](#) for the exact detail) to their schools without following a statutory process, including some temporary changes; they are nevertheless required to adhere to the usual principles of public law. They MUST:

- act rationally;
- take into account all relevant and no irrelevant considerations; and
- follow a fair procedure.

The department expects that in making these changes, LAs and GBs will work together and will:

- liaise with the trustees of the school, and in the case of schools designated as having a religious character the diocese or relevant diocesan board, or any other relevant faith body, to ensure that a proposal is aligned with wider place planning/organisational arrangements, and that any necessary consents have been gained;
- not undermine the quality of education provided or the financial viability of other 'good' and 'outstanding' schools in the local area;
- not create additional places in a local planning area where there is already surplus capacity in schools, taking the quality and diversity of the provision into account as well as cross boundary impacts; and
- ensure open and fair consultation with parents, any affected educational institutions in the area (e.g. primary, secondary, special schools, sixth form and FE colleges as required) and other interested parties. The [consultation principles guidance](#) can be referenced for examples of good practice.

Before making any changes GBs should ensure that:

- they have consulted with the LA to ensure the proposal is aligned with local place planning arrangements
- they have secured any necessary funding;
- they have identified suitable accommodation and sites;

5: Statutory process: prescribed alterations

The statutory process for making prescribed alterations to schools has four stages:

Stage	Description	Timescale	Comments
Stage 1	Publication (statutory proposal/notice)		
Stage 2	Representation (formal consultation)	Must be 4 weeks	As set out in the 'Prescribed Alterations' regulations
Stage 3	Decision	LA should decide a proposal within 2 months otherwise it will fall to the Schools Adjudicator	Any appeal to the adjudicator must be made within 4 weeks of the decision
Stage 4	Implementation	No prescribed timescale	It must be as specified in the published statutory notice, subject to any modifications agreed by the decision-maker

Although there is no longer a statutory 'pre-publication' consultation period for prescribed alteration changes, there is a strong expectation that schools and LAs will consult interested parties in developing their proposal prior to publication, to take into account all relevant considerations. Schools should have the consent of the site trustees and where a school is designated as having a religious character the trustees of the school, the diocese or relevant diocesan board, or any other relevant faith body.

When considering making a prescribed alteration change, it is best practice to take timing into account, for example:

- by holding consultations and public meetings (either formal or informal) during term time, rather than school holidays and, where appropriate, extend the consultation period if it overlaps school holidays etc;
- plan where any public and stakeholder meetings are held to maximise response;
- take into account the admissions cycle for changes that will impact on the school's admission arrangements.

6: Statutory process: foundation proposals

Changing category to foundation, acquiring a foundation trust and/or acquiring a foundation majority

A 'foundation trust school' is a foundation school with a charitable foundation complying with the requirements set out in SSFA 1998¹³. These include that the foundation trust must have a charitable purpose of advancing education and must promote community cohesion.

The term 'acquire a foundation majority' means acquiring an instrument of government whereby the school's foundation trust has the power to appoint a majority of governors on the GB.

Where a school's GB considers changing category to foundation or acquiring a foundation trust and/or acquiring a foundation majority on the school's GB, the following five-stage statutory process must be followed:

Stage	Description	Timescale	Comments
Stage 1	Initiation		The GB considers a change of category to foundation/acquisition of a foundation trust/acquisition of a foundation majority
Stage 2	Publication		Having gained consent where appropriate
Stage 3	Representation (formal consultation)	Must be 4 weeks	As set out in the prescribed alteration regulations. The LA may refer a foundation trust proposal to the Schools Adjudicator during this period if it considers the proposal to have a negative effect on standards at the school
Stage 4	Decision	The GB must decide within 12 months of the date of publication	Unless the LA has referred the proposal to Schools Adjudicator at Stage 3
Stage 5	Implementation	No prescribed timescale	Must be as specified in the statutory notice, subject to any modifications agreed by the decision-maker

¹³ Section 23A

- the GBs of any other foundation or foundation special schools maintained by the same LA for which the foundation acts as a foundation;
- any trade unions who represent school staff;
- if the school has been designated as having a religious character, the appropriate diocesan authority or other relevant faith group in relation to the school;
- any other person the GB consider appropriate.

Publication

Where the decision to publish a proposal was made by a majority of governors, the GB at this stage must decide whether to go ahead with publishing the proposal.

Where the decision to publish a proposal was made by a minority of governors and there are no land issues to be determined, the GB must publish the proposal within 3 months of the receipt of the notice by the clerk. If land issues were referred to the [Schools Adjudicator](#), the proposal must be published within 1 month of receipt of its determination.

Proposals to remove a foundation trust or to alter the instrument of government so that foundation governors cease to be the majority of governors must contain the information set out in [The School Organisation \(Removal of Foundation, Reduction in Number of Foundation Governors and Ability of Foundation to Pay Debts\) \(England\) Regulations 2007](#). Further details on the publication stage can be found in [Part 5](#).

At the same time as publishing the proposals, the GB must send copies of the proposals to the LA, trustees, and the Secretary of State via schoolorganisation.notifications@education.gov.uk.

Representation

The representation period starts on the date of the publication of the proposal and must last six weeks. During this period, any person or organisation can submit comments on the proposal to the GB to be taken into account when the decision is made.

Unlike the foundation trust acquisition process, there is no power for the LA to refer a proposal to the Schools Adjudicator to remove a school's foundation trust or to reduce the number of governors appointed by the foundation trust. However, GBs

must bear in mind that failure to follow the requirements of the statutory process could lead to a complaint to the Secretary of State under Section 496/497 of the Education Act 1996, and/or ultimately be challenged through judicial review.

Decision

The GB is the decision-maker for a removal proposal and must determine the proposal within 3 months of the date of its publication.

If a proposal was brought forward by a majority of governors, then it may be determined by a majority vote of those governors present²⁷.

If a proposal was brought forward by a minority of governors, then the GB may not reject the proposal unless two thirds or more of the governors indicate that they are in favour of its rejection²⁸.

When deciding a proposal for the removal of a foundation trust, the GB should consider the proposal in the context of the original proposal to acquire the foundation trust, and consider whether the foundation trust has fulfilled its expectations. Where new information has come to light regarding the suitability of foundation trust partners, this should be considered.

All decisions must be taken in accordance with the processes prescribed in [The School Governance \(Roles, Procedures and Allowances\) \(England\) Regulations 2013](#)²⁹.

The GB must notify the relevant LA, trustees and the Secretary of State via schoolorganisation.notifications@education.gov.uk of their decision.

Implementation

The GB is under a statutory duty to implement any approved proposal, as published, by the approved implementation date, taking into account any modifications made. In changing category, an implementation period begins when the proposal is decided and ends on the date the proposal is implemented. During this period the LA and GB are required to make a new instrument of government for the school, so enough time must be built into the timeframe for this to happen. The GB must then be reconstituted in a form appropriate to the school's new category and also in accordance with the appropriate instrument of government taking into account the [School Governance \(Constitution\) \(England\) Regulations 2012](#).

²⁷ As per the School Governance (Roles, Procedures and Allowances) (England) Regulations 2013.

²⁸ As per regulation 11(2) of the Removal Regulations.

²⁹ Except as otherwise provided by the Removal Regulations.

When removing a foundation trust or a foundation majority, a governor may continue as a governor in the corresponding category (e.g. staff governor, parent governor) if that category remains under the new instrument of government. A member of a current GB who continues as a governor on these grounds holds office for the remainder of the term for which he or she was originally appointed or elected. Where a school with a religious character has no foundation trust, the GB must appoint partnership governors with a view to ensuring that the religious character of the school is preserved and developed in accordance with the School Governance (Constitution) (England) Regulations 2012. There is nothing to prevent the appointment of a former foundation governor being reappointed by the GB as a partnership governor.

The terms of the trust on which land is held for a voluntary or foundation school often include very specific provisions regarding the conduct of the school and the use of any fund held by the foundation trust for the use of the school and premises. When making a proposal to change category, proposers will need to consider whether the current terms on which the school's land is held on trust allows for the change in category proposed. If in doubt, or if a variation in the foundation trust is clearly necessary, promoters and the relevant site trustees are advised to make early contact with the Charity Commission to apply for the terms of the trust to be varied under the relevant trust law.

Modification of proposals

Modifications can only be made to the implementation date and the proposed constitution of the governing body.
