### CORPORATE GOVERNANCE

#### Report of the Corporate Director, Strategic Resources

#### 1.0 PURPOSE OF REPORT

- 1.1 To review and approve the updated Local Code of Corporate Governance for the new North Yorkshire Council.

#### 2.0 BACKGROUND

- 2.1 The standard for local authority governance in the UK is set out in guidance called the CIPFA/SOLACE Delivering Good Governance in Local Government Framework 2016. The Framework defines the principles that should underpin the governance of an organisation and provides a structure to assist individual authorities with their approach to governance. Local authorities should review existing governance arrangements against these Principles and develop and maintain an up-to-date Local Code of Corporate Governance.
- 2.2 According to the Terms of Reference of the Audit Committee, its role in respect of Corporate Governance is:
- (i) to assess the effectiveness of the authority's Corporate Governance arrangements
  - (ii) to review progress on the implementation of Corporate Governance arrangements throughout the authority
  - (iii) to approve the Annual Governance Statements for both the County Council and the North Yorkshire Pension Fund
  - (iv) to liaise, as necessary, with the Standards Committee on any matter(s) relating to the Codes of Conduct for both Members and Officers
  - (v) to review the arrangements in place for ensuring good governance in the County Council's key partnerships and owned companies.
- 2.3 In relation to (i), (ii) and (v) above, an annual report is submitted as set out in the Programme of Work, and item (iii) is considered as part of the report relating to the

Statement of Accounts. The Committee also receives regular reports on the outcome of internal audit work and the annual report of the Head of Internal Audit, which includes an opinion on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control. In addition, governance issues may also be addressed as part of other reports and presentations to the Committee, including the annual update reports from the Corporate Directors.

### **3.0 LOCAL CODE OF CORPORATE GOVERNANCE**

- 3.1 The Local Code of Corporate Governance has been written to conform with the CIPFA/SOLACE Delivering Good Governance in Local Government Framework 2016. The attached Code has been written for the new unitary authority with consideration to all service areas.

#### **Framework Principles**

- 3.2 The 2016 Principles that are reflected in the Local Code with links to the Annual Governance Statement are as follows:
- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law;
  - B. Ensuring openness and comprehensive stakeholder engagement;
  - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits;
  - D. Determining the interventions necessary to optimise the achievement of the intended outcomes;
  - E. Developing the entity's capacity, including the capability of its leadership and the individuals within it;
  - F. Managing risks and performance through robust internal control and strong public financial management;
  - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability.

To achieve good governance, each local authority should be able to demonstrate that its governance structures conform with the core and sub-principles contained in this Framework.

#### **Updates to the Local Code**

- 3.3 The Local Code of Corporate Governance for the new unitary authority North Yorkshire Council is a statement of the principles that the Council will apply in its corporate governance framework. It also describes key components of that framework and how they will be monitored and reviewed.
- 3.4 The Local Code will be reviewed on an annual basis. The review ensures that key changes to the corporate governance framework (whether driven by external forces such as legislative changes or by internal factors) are reflected in the current Local Code.
- 3.5 The draft Code can be seen at **Appendix A**. Please note that links to policies and other documentation on the website for the new authority will be inserted as soon as possible.
- 3.6 It states in the Constitution for the new authority that the Chief Executive Officer, in consultation with the Leader of the Council, the appropriate Executive Member(s), the Corporate Director of Resources, and the Assistant Chief Executive Legal and Democratic Services, shall have authority to agree operational policies regulating the internal operations and working practices of the Council, which shall include, but not exclusively, policies in relation to health and safety, information governance, and IT policies.
- 3.7 Once this Local Code is approved by the Committee at this meeting, it will be referred collectively to the Chief Executive, the Leader of the Council, the appropriate Executive Member, the Corporate Director of Resources and the Assistant Chief Executive Legal and Democratic Services for formal approval. In the covering note it will be requested that delegation is given to the Corporate Director of Resources and/or the Assistant Chief Executive Legal and Democratic Services to have authority to make consequential amendments to the Local Code (such as appropriate links to the website) going forwards to keep it in line with developments as Local Government Reorganisation requires.

#### **4.0 RECOMMENDATIONS**

- 4.1 That the Local Code of Corporate Governance (**Appendix A**) for the new authority be recommended to the Chief Executive Officer for him to recommend it, under his emergency delegated decision-making powers, for formal approval by himself under paragraph 5.15 of the Officers' Delegation Scheme, in consultation with the Leader of the Council, the appropriate Executive Member, the Corporate Director of Resources and the Assistant Chief Executive Legal and Democratic Services.

## 1.0 INTRODUCTION

- 1.1 Corporate governance is the system by which a local authority directs and controls its functions and relates to the community it serves. It is therefore a framework of policies, management systems, procedures and structures that together, determine and control the way in which a local authority manages its business, determines its strategies and objectives, and sets about delivering its services to meet those objectives for the greater good of its community. This naturally extends to how the organisation accounts to, engages with and, where appropriate, leads its community.
- 1.2 On this basis, the principles of good corporate governance require a local authority to undertake its functions in a way that is completely open and inclusive of all sectors of the community, demonstrates the utmost integrity in all its dealings, and is fully accountable to the public it serves.
- 1.3 North Yorkshire Council is committed to demonstrating good corporate governance. This Code which is based upon the CIPFA/SOLACE document entitled *Delivering Good Governance in Local Government: Framework 2016* sets out what the governance arrangements are, and who is responsible for them within the Council. It also explains how the arrangements will be kept under review and monitored for compliance.
- 1.4 The Code also expresses how the Council will seek to conduct its business in a way that demonstrates –
- **Openness and Inclusivity** – which is necessary to ensure that stakeholders can have confidence in the decision-making and management processes of the Council, and the role of the Members and Officers therein. Being open through genuine consultation with stakeholders and providing access to full, accurate and clear information leads to effective and timely action and lends itself to necessary scrutiny. Openness also requires an inclusive approach, which seeks to ensure that all stakeholders, and potential stakeholders, have the opportunity to engage effectively with the decision-making processes and actions of the Council. It requires an outward looking perspective and a commitment to partnership working, that encourages innovative approaches to consultation and to service provision
  - **Integrity** – is necessary for trust in decision making and actions. It is based upon honesty, selflessness and objectivity, and high standards of propriety and probity in the stewardship of public funds and the management of the Council's affairs. It is dependent on the effectiveness of the internal control framework and on the personal standards and professionalism of both Members and Officers. It is reflected in the Council's decision-making procedures, in its service delivery and in the quality of its financial and performance reporting
  - **Accountability** - is the process whereby Members and Officers within the Council are responsible for their decisions and actions, including their stewardship of public funds and all aspects of performance, and submit themselves to appropriate external scrutiny. It is achieved by all parties having a clear understanding of those responsibilities, and having clearly defined roles expressed through a robust and resilient structure.

## 2.0 POLICY STATEMENT ON CORPORATE GOVERNANCE

2.1 The Policy of the Council is to incorporate the principles of Corporate Governance into all aspects of its business activities to ensure that stakeholders can have confidence in the decision-making and management processes of the authority, and in the conduct and professionalism of its Members, Officers and agents in delivering services. To this end, the Council will report annually on its intentions, performance and financial position, as well as on the arrangements in place to ensure good governance is always exercised and maintained.

2.2 The principles set out in this Policy will also apply to the North Yorkshire Pension Fund. Any company in which the Council has a substantive equity holding will also be expected to comply with these principles.

## 3.0 THE SEVEN PRINCIPLES OF CORPORATE GOVERNANCE

3.1 There are seven core principles that should underpin governance arrangements within a local authority. These are defined as follows –

- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
- B. Ensuring openness and comprehensive stakeholder engagement
- C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
- D. Determining the interventions necessary to optimise the achievement of the intended outcomes
- E. Developing the entity's capacity, including the capability of its leadership and the individuals within it
- F. Managing risks and performance through robust internal control and strong public financial management
- G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

3.2 This Code addresses these seven core principles and describes the systems and processes that support these in the Council. In addition, the Code reflects how the Council addresses the requirements of the CIPFA Statement on the *Role of the Chief Financial Officer in Local Government* (2015) and the CIPFA Statement on the *Role of the Head of Internal Audit* (2019).

3.3 The Code also explains how the Council intends to monitor and review the corporate governance arrangements defined in these Codes including conformance with both CIPFA Statements.

3.4 A diagrammatic representation of how this Code fits into the management process of the Council is attached as **Appendix A**.

## 5.0 MONITORING, REPORTING AND REVIEW

5.1 Ensuring good corporate governance is the responsibility of the whole Council. However to formalise the process, the Council has two Committees that are primarily responsible for monitoring and reviewing the adequacy of the corporate governance arrangements referred to in this Local Code –

- the Audit Committee
- the Standards Committee

The two Committees liaise on any issue of Corporate Governance that may be of legitimate common concern to both.

5.2 The Audit Committee is independent of both the Executive and Scrutiny, and has wide ranging responsibilities in relation to audit, information governance, counter fraud, risk management, treasury management, financial and performance reporting, as well as overall corporate governance and ethics. The Committee's terms of reference are set out in the Constitution and its principal objectives are to ensure that the Council manages its risks appropriately and maintains an adequate and effective system of internal control. The Committee meets up to five times a year and includes up to three co-opted external Members.

5.3 The Standards Committee currently meets twice yearly and as required to promote and maintain high standards of conduct by Councillors and co-opted Members of the Council. The Committee provides advice and support to the Council and its members on the Council's Members' Code of Conduct and related ethical issues such as membership of outside bodies and Member/officer relations. Additionally, Standards Committee Members participate in training sessions and the Committee determines any complaints that Members may have breached the Members' Code of Conduct referred to it by the Monitoring Officer. The Committee also has a role in assisting, where requested, in the designation and handling of persistent and/or vexatious complaints/complainants. The Committee is attended by independent persons, as well as Council Members.

5.4 Further to the two Committees referred to above, the Council has also established:

- a Corporate Governance Officer Group of senior officers, chaired by the Corporate Director of Resources, which is responsible for overseeing the delivery of an integrated programme of work to support the development of robust corporate governance arrangements, and to keep implementation of such arrangements under on-going review. In particular, this Group monitors the Self-Assessment Checklist that maps, and monitors, all governance activity within the Council against all published Best Practice Guidelines
- a Corporate Information Governance Group, also chaired by the Corporate Director of Resources. This Group addresses the various challenges of Information Governance including the development and maintenance of a Framework for Information Governance which comprises a suite of relevant policies, protocols and guidance notes

5.5 The Council is required to undertake an annual review of the effectiveness of its system of internal control (as required by *Regulation 6 of the Accounts and Audit Regulations (2015)*). This review seeks to –

- identify principal risks to the achievement of Council objectives
- identify and evaluate key controls to manage principal risks

- obtain assurances of the effectiveness of key controls
- evaluate assurances and identify gaps in control/assurances

This review is overseen by the Audit Committee and is part of the preparatory process for the Annual Governance Statement (see **paragraph 5.8** below). The Audit Committee receives assurance from various sources regarding the adequacy of the internal control environment and overall corporate governance arrangements, including from the Head of Internal Audit.

5.6 Additionally, compliance with the *CIPFA Statement on the Role of the Chief Financial Officer in Local Government* is reviewed annually by the Audit Committee.

5.7 Finally, annual reports are produced and published by:

- the Audit Committee Chair
- the Standards Committee Chair

### **The Annual Governance Statement**

5.8 Following the annual review of effectiveness of the system of internal control an Annual Governance Statement (AGS) will be published to accompany the Statement of Final Accounts for the Council. The AGS will provide an overall assessment of the corporate governance arrangements in the Council.

5.9 To reflect the Council's commitment to the continuous improvement of its system of internal control, progress to address weaknesses is drawn up in response to any significant control weaknesses identified in the AGS. A follow up process is then overseen by the Corporate Governance Officer Group to ensure continuous improvement of the system of corporate governance. The Audit Committee monitors progress to address weaknesses every six months.

### **Review of this Code**

5.10 A review of this Code will be undertaken annually alongside the preparation of the AGS.
