

Equality impact assessment (EIA) form: evidencing paying due regard to protected characteristics

(Form updated April 2023)

NEIGHBOURHOOD PLANNING – Bradleys Both Neighbourhood Development Plan

Equality Impact Assessments (EIAs) are public documents. EIAs accompanying reports going to County Councillors for decisions are published with the committee papers on our website and are available in hard copy at the relevant meeting. To help people to find completed EIAs we also publish them in the Equality and Diversity section of our website. This will help people to see for themselves how we have paid due regard in order to meet statutory requirements.

How will you pay due regard? e.g. working group, individual officer	The Bradleys Both Neighbourhood Development Plan has been prepared and submitted by Bradleys Both Parish Council. Spatial Planning Officers have worked with Bradley Parish Council as part of the local planning authority's duty to support those preparing neighbourhood plans. An EIA was produced in March 2022 and was provided as appendix 5 to the submitted Bradleys Both Neighbourhood Plan and can be viewed at Bradley North Yorkshire Council
When did the due regard process start?	October 2022 (submission of the Bradleys Both NDP)

Section 1. Please describe briefly what this EIA is about. (e.g. are you starting a new service, changing how you do something, stopping doing something?)

All Development Plan Documents, including Neighbourhood Plans are accompanied by an Equalities Impact Assessment (EIA) to ensure that planning policies do not unlawfully discriminate against any protected characteristic.

Section 2. Why is this being proposed? What are the aims? What does the authority hope to achieve by it? (e.g. to save money, meet increased demand, do things in a better way.)

The Localism Act 2011 introduced new powers for people, including Parish Councils to make neighbourhood plans for their local areas, putting in place a strategy and policies for the future development of their areas. Once made/adopted a Neighbourhood Plan forms part of the statutory development plan for the area, which means that local planning authorities and planning inspectors considering planning applications or appeals must make their decisions in accordance with the policies of the development plan for the area, unless material considerations indicate otherwise.

The EIA prepared and submitted with the Bradleys Both Neighbourhood Plan assesses whether the planning policies included within the plan do not unlawfully discriminate against any protected characteristic. [Bradley | North Yorkshire Council](#)

Section 3. What will change? What will be different for customers and/or staff?

Following a successful referendum the Bradleys Both Neighbourhood Plan now forms part of the statutory development plan for the area, which means that local planning authorities and planning inspectors considering planning applications or appeals must make their decisions in accordance with the policies of the development plan for the area, unless material considerations indicate otherwise. North Yorkshire Council is required to formally make or adopt the Bradleys Both NDP.

Section 4. Involvement and consultation (What involvement and consultation has been done regarding the proposal and what are the results? What consultation will be needed and how will it be done?)

The submitted Bradleys Both Neighbourhood Plan and associated documents including the EIA submitted as appendix 5 to the Bradleys Both Neighbourhood Plan has been subject to a period of public consultation as required by The Neighbourhood Planning (General) Regulations 2012 (as amended).

Further details about public consultation that has been carried out by the Parish Council on the draft Bradley's Both Neighbourhood Plan is provided in the EIA to the Bradleys Both Neighbourhood Plan, submitted as appendix 5.

Section 5. What impact will this proposal have on council budgets? Will it be cost neutral, have increased cost or reduce costs?

The Localism Act requires the local planning authority to pay for the local referendum and examination in respect of a neighbourhood plan. The Department for Levelling Up Housing and Local Communities (DHULC) provides financial support for neighbourhood planning in the form of a Neighbourhood Planning Grant (NPG). The NPG will be used to fund the referendum for the Bradley Neighbourhood Plan.

Section 6. How will this proposal affect people with	No impact	Make things better	Make things worse	Why will it have this effect? Provide evidence from engagement, consultation and/or service user data or demographic information etc.

protected characteristics?				
Age		X		<p>Bradleys Both Parish Council Neighbourhood Development Plan - Priority is to support a fluid housing market achieved through provision of 2/3 bed properties, which will be attractive to both first time buyers, new households and downsizers. This in turn should help support movement to existing larger properties within the parish. Consequently, the plan will support the retention of young people in the community alongside providing more suitable accommodation for older empty nesters; therefore, it is felt that this should have a positive impact across the 'age' protected characteristic.</p> <p>Plan also protects named amenities; this is vital for the wellbeing of the community and helping ensure it remains sustainable. Access to amenities is of significant importance to older residents who may not have access to their own transport; likewise, the protection extends to facilities for young people and children further supporting the argument around retaining them within the community.</p>
Disability		X		<p>The plan seeks to ensure that new developments area accessible and help to deliver improvements to safety and accessibility. The identification of key amenities to be protected from development will be of particular benefit to disabled residents who may struggle to access facilities further afield.</p>
