Subject: La Feria Restaurant- Licensing

Categories: Freja

Hello,

I have recently been made aware that 'La Feria Restaurant' on Coldbath Road, Harrogate has applied to remove a licensing condition preventing use of the terrace into late evenings.

La Feria is situated in a residential area of Harrogate and the terrace backs on to multiple residential properties. Allowing the late use of the terrace will negatively affect the neighbours, many of whom (myself included) have young children who will be disturbed by the additional noise and late footfall. We have raised these concerns in La Feria's previous attempts to remove the conditions and the decision has been made to remain as is. I do not believe the situation has changed since and would oppose the conditions preventing the late use being removed.

Many thanks,
Lucy Cook - Resident of Valley Road, Harrogate
