- b. Dr Andrew Phillips, who had previously circulated documents for discussion regarding planning and funding for the Cricket field, pavilion and safe pathway to the village, outlined the points for discussion around fund raising, match funding at 20% and the bids required to raise the significant amount of monies, to proceed. Dr Phillips said he would complete the paperwork for funds from the National Lottery and requisite letters from Nunnington Estate confirming the purpose of the land described as recreational. The Chair reminded the meeting that the PC though very supportive of the plans it was not ultimately their responsibility, but would help where possible. Andrew Welford has produced a quote to create the path, a second quote is required with drawings for Community Asset to support funding. An on-line quote should be sent by the end of May. It was suggested that the local community may wish to support financially and in planning to support progress in this venture.
