Subject: 32 belle Vue Street, Filey
Date: 30 April 2024 14:15:47

Hi,

I have seen the planning application made for Gelato Lounge at 32 Belle Vue Street, Filey.

I'd like to object against this reason being we live above next door and our only entrance is on the back street we don't have a front entrance, we have 2 children 8 and 13, the younger one has been diagnosed with adhd and awaiting autism and sensory assessments.

The back street is not very well lit at night there is only 1 street lamp down the whole back street. As you know the sale of alcohol can lead to many situations, and rowdiness.

My sons bedroom window is right above next to the back entrance where I heard they are planning to have a seating area. Also when we are sat on our balcony we don't want people out the back drinking. It will be hell on a night not only is it too dark to see anything but don't want drunk people hanging around especially in front of my sons bedroom window.

So I certainly object to alcohol license and also the late opening hours. Speaking to two other neighbours around the property they aren't happy either.

Please consider this when making your final decision it is a quiet backstreet with many gardens, balconies surrounding the premises in question.

It's not the place for alcohol and late nights to be accepted.

Regards
