Long Term Plan for Towns guidance

Annex C: List of policy interventions

We encourage Town Boards to engage communities and review the interventions below. They should submit the most appropriate interventions as part of their Long-Term Plan, following the above guidance. The case for support for the interventions has already been agreed, simplifying the Long-Term Plan process.

The interventions are flexible so places can focus on what best meets their local needs. Town Boards should consider how they can implement interventions to suit local characteristics, reflecting the opportunities and challenges that their communities face.

Town Boards can also take forward interventions outside of this list if they submit an outline business case to DLUHC as part of their Long-Term Plan. This should be based on numeric evidence where possible.

Safety and security interventions

S1: Design and management of the built and landscaped environment to 'design out crime'. This might include:

- creation of new 3G sports pitches and other sports facilities

H9: Investment in capacity building, resilience (which could include climate change resilience) and infrastructure support for local civil society and community groups. This might include:
- funding for community spaces, such as village halls, libraries or community centres for local civil society and community groups to use
- support for people to develop volunteering and social action projects locally

H10: Investment and support for digital infrastructure for local community facilities.

H11: Investment in open markets and improvements to town centre retail and service sector infrastructure, with wrap around support for small businesses. This might include:

- funding to support the establishment and ongoing running of a new open air market
- business support activity for entrepreneurs

H12: Funding for the development and promotion (both trade and consumer) of the visitor economy, such as local attractions, trails, tours and tourism products more generally. This might include:
- development of local visitor trails and tours
- grants for the development, promotion and upkeep of local tourist attractions
- development of other local visitor experiences based around the local offer

H13: Grants to help places bid for and host international business events and conferences that support wider local growth sectors. This might include:

- grants to bid for, secure and hold a conference for a leading sector locally

Transport and connectivity interventions

T1: Support for active travel enhancements in the local area. This might include:

- creation of new foot paths and cycle paths, particularly in areas of health need or social inequalities
- upgrading of existing foot paths and cycle paths, particularly in areas of health need or social inequalities

T2: Funding for bus infrastructure and connections to speed up journeys. This might include:

- traffic signalling improvements
- bus lanes and corridors
- improved passenger information

T3: England and Scotland Only: Additional revenue funding added to the Bus Service Improvement Programme Plus (BSIP+) funding model from June 2024 - that would award funding to LTAs based on a connectivity scoring so they could under take activities that would boost economic growth.

T4: Funding for new, or improvements to road networks to improve access within and to the town. This might include:

- traffic management improvements to relieve congestion
- road safety
- highway maintenance (including potholes)

T5: Funding to improve rail connectivity and access. This might include:

- adding stations along existing lines
- improved accessibility and journey quality at and around stations
