---

Hi

Please find attached documentation for the renewal licence for the above vehicle even though the existing licence does not expire until August 20th

I realise that this vehicle is over the required age limit but would like to apply for an extension.

You will see that the car always passes its mot every year without fault, and we have on file all invoices connected to the car.

The car is a Mercedes which are quality cars and have an expected life span over cheaper vehicles.

The type of work we undertake involves this standard of car and would appreciate a committee to discuss the situation I will of course bring the car to the committee should they wish to inspect it.

I have made payment this morning within the next half hour.

Any queries please let me know.

Regards

Fleet Manager
