Good evening,

I hope that you're well.

I am emailing you regarding The Wicked Wolf, which has recently applied for the tenancy that was previously occupied by The Potting Shed.

This is a truly splendid idea for all generations in this town. This building is beautiful, and it saddens those who've lived in Harrogate for since their twenties to see a part of The Turkish Baths empty for such a long period of time.

This town needs something to encourage younger people to go out here again. I am in my seventies, and I feel for the young people in their twenties and thirties who feel obliged to go to York or Leeds as Harrogate now lacks the nightlife that it was once known for. It is not just the younger generation who need a place to dance, but people of all ages enjoy a night out, and are now feeling disillusioned by the lack of diversity in venues here.

I strongly encourage you to take this opportunity to provide revenue for this beautiful town I am proud to call home.

Warmest regards,
Heather Newby
