

ZE/01660/MFUL

Dear Members

To update further, the LPA has been provided with additional information precisely confirming the proposed materials and palette of colours for the various lodge types proposed as part of the scheme, from the manufacturers of the lodges.

This photograph on this webpage should be reviewed in context with the precise elevation and floor plans, but will provide a better understanding of the final appearance that would be secured.

This will be discussed further in the meeting, but it is hoped this information is helpful.

Kind regards

Niamh Bonner

Afternoon Niamh,

I can confirm that the link below is the proposed material palette & manufacturer.
