Chief Executives and Section 151 Officers of
 Administering Authorities in England

By email

15 May 2024

Dear Colleagues,

Efficiencies in local government and the management of Local Government Pension Scheme (LGPS) funds

I wrote to all chief executives on 16 April setting out my expectations for the productivity plans to be developed by each authority as announced at the local government finance settlement. In this, I asked for plans covering service transformation, better use of technology and data and reduction of wasteful spend as well as views on barriers which government could remove (letter at annex A).

I am now writing to you to ask you to set out your approach to efficiencies in the management, governance and administration of your LGPS fund and asset pool in a separate letter. I am interested in what is happening across local government to deliver efficiencies in the management of the £359 billion of pension assets you hold, and in your administration of pension benefits for the 6.6 million members.

Since taking on ministerial responsibility for the LGPS I have been grateful for the generous engagement I have received, and I have been struck by the generally strong financial position of the scheme, as well as the strong commitment to serving scheme members. However, it is clear that there is also a need for improvements, including to meet the expectations set out on asset pooling and investments set out at the [Autumn Statement](#). More efficiencies in fund administration and management should also be achieved: across the scheme in 2022-3 investment management costs were £1.7 billion and £280 million on administration and governance.

Your response should consider the following themes on pensions.

- 1. How your fund will complete the process of pension asset pooling to deliver the benefits of scale.**
 - What proportion of assets have been pooled in your chosen LGPS asset pool? Is your fund on track to pool all listed assets by March 2025, and if not, what are the barriers to this?
 - Is there scope for minimising waste and duplication by making use of your LGPS asset pool's services and expertise in reporting and development of the pensions investment strategy? What is your expenditure on pensions investment consultancy?
 - Does your LGPS asset pool have an effective, modern governance structure in place, which is able to deliver timely decisions and ensure proper oversight? If not, what steps are you taking to make your pool's governance more effective?

2. How you ensure your LGPS fund is efficiently run, including consideration of governance and the benefits of greater scale.

- Does your LGPS fund have effective and skilled governance in place, which is able to hold officers, service providers and the pool to account on performance and efficiency?
- Would you be likely to achieve long-term savings and efficiencies if your LGPS fund became part of a larger fund through merger or creation of a larger pensions authority?

As set out in my previous letter I do not wish to impose excessive burdens. I expect your letter to be no more than two pages in length. Your plans must be returned by 19 July 2024, by email to lgpensions@levellingup.gov.uk. We will review your responses and consider the issues emerging and the implications for future national policy.

I look forward to working with you to deliver the best outcomes.
