Was this an executive decision?

YES

If an executive decision, was it also a key decision?

YES

Reasons for decision: -

Enables the County Council to comply with its duty under Section 41 of the Highways Act 1980 to maintain those highways within the County which are recorded as 'maintainable at public expense'.

To utilise The SCAPE National Civil Engineering Framework (SNCEF). The advantage of using SNCEF is that construction projects delivered through SNCEF have been market tested and core staff and site set up costs, overheads and profits are fixed for the framework term. The remainder of costs are open book and the supply chain managed, therefore Scape contracts deliver locked-in value with competitive tendering.

Details of any alternative options considered and rejected: -

None
