

Glyphosate Usage

Table 1 below shows the scale of the contracted weed spraying treatment across North Yorkshire.

Table 1

Highway Area	Carriageway channels and kerb tops (km)	Rear of footways (km)	Areas of flags, blocks, setts, cobbles (m2)
Richmondshire	257.637	211.683	43,346.94
Hambleton	505.768	446.35	74,732.26
Scarborough	244.998	213.762	5,244.22
Ryedale	313.235	327.56	23,152.40
Craven	278.274	239.51	15,751.56
Harrogate	917.613	840.475	106,093.36
Selby	529.963	458.581	58,861.66
Total	3,047.49	2,737.92	327,182.40

Table 2

Table 2 below illustrates typical usage of glyphosate across former district / borough areas (omissions are for areas where the service was previously contract out).

Glyphosate Usage April - April	Scarborough	Harrogate	Hambleton and Richmondshire
2020	800 Litres	320 Litres	30 Litres
2021	800 Litres	230 Litres	30 Litres
2022	800 Litres	400 Litres	20 Litres
2023	750 Litres	120 Litres	30 Litres
2024	440 Litres	None ordered to date	20 Litres
