**Subject:** increase in number of annual events at Thirsk Hall 11:00 - 23.30

Hello

The residents of [REDACTED] would like to register are concerns and strong objection to this proposal.

We have lived here for almost 30 years and whilst we were happy with the one charity event a year as it was in a good cause, we know from experience, even with windows shut and double glazing there is no sleeping until the event is over.

We feel it is unreasonable to allow a premises to make such noise so frequently in a residential area, especially until 11.30 at night.

Best Wishes

[REDACTED]
