MINIMUM THREE QUOTES & BEST VALUE PROCESS

- 8.3. Where the estimated value of a Contract is above £5,000 excluding VAT, and less than or equal to £30,000 including VAT (taking into account the whole life cost of the Contract including extensions and/or variations) a minimum of three quotes should be sought.

- 8.5. It is the Responsible Officer's responsibility to keep a record of quotes sought for audit purposes and to demonstrate best value has been achieved.
- 8.6. Under exceptional circumstances, the Contract may be directly awarded using the best value process as long as sufficient justification is given for not undertaking a

competitive quotes process. It is the Officer's responsibility to complete the Best Value Process Form which captures the rationale for not seeking a minimum of three quotes and captures the outcome of the process as a record.

- 8.7. A minimum three quotes or best value process cannot be accepted where the value exceeds £30,000 including VAT. If the value exceeds £30,000 including VAT for this process the bid process must be followed in accordance with **Rule 9**.
- 8.8. All contracts entered into via this process will be published on the School's contract register. The responsible officer will notify the Headteacher of any contract awarded above £5,000 (excluding VAT).

RECEIPT OF BIDS

- 9.6. A bid may only be considered if before the deadline date and time:-

 - (d) a comprehensive, written record of the post bid negotiations is kept by the Responsible Officer; and
 - (e) a clear record of the added value to be obtained as a result of the post bid negotiations is incorporated into the Contract with the successful Supplier.
- 9.8. **Rule 9.7** shall not operate to prevent clarification of all or part of any bid to the extent permitted by law and where such clarifications are sought the provisions of **Rule 9.7 (c) and (d)** shall apply.

CONTRACT AWARD

- 9.9. Before a Contract is awarded such steps shall be taken by the Responsible Officer as are reasonably necessary (having regard to the subject matter, value, duration of the Contract and other relevant factors) to complete a risk assessment of the potential Supplier's financial stability.
- 9.10. All contracts entered into via this process will be published on the School's Contracts Register.

Contracts awarded from such Framework Agreements shall be awarded in accordance with the provisions of that Framework Agreement; or
 - (b) the instruction of Counsel by the Monitoring Officer; or

 - (e) the purchase of Goods, Works or Services which are of such a specialised nature as to be obtainable from one Supplier only; or
 - (f) repairs to or the supply of parts for existing proprietary machinery or plant where to obtain such supplies from an alternative supplier would invalidate the warranty or contractual provisions with the existing supplier; or
 - (g) Light Touch Contracts where the service is of a specialist or personal nature and where service users must be involved in the selection of the Supplier and where the School considers it inappropriate for bids to be invited, or
 - (h) the service is currently supplied by a Supplier to the satisfaction of the Headteacher, is considered to be offering value for money and where the foreseeable disruption to services cannot justify the bid process; or
 - (i) in relation to Pilot schemes for a proof of contract/trialling a product or area of innovation.
 - (j) Contracts where the School deems that for reasons of extreme urgency brought about by unforeseeable events unattributable to the School, the timescales for obtaining bids cannot be met. A written record shall be signed and dated by the Chair of the Governing Body, whenever this Rule applies.
- 9.13. Where any of the exceptions set out in **Rule 9.12** above are applied a written record shall be signed, dated and kept. The Headteacher shall maintain a register of all recommendations made under this Rule.
- 9.14. For exceptions that fall outside the circumstances listed in **Rule 9.12**, a request for a waiver can be made to the Headteacher and Chair of the Governing Body using the Waiver Request Form prescribed by the S151 Officer which shall specify the reasons

Associated tender documents must also be published alongside the tender notice on the School’s e-tendering system, or an appropriate alternative system as agreed by the Headteacher, which must include the details of the evaluation process.
- 10.4. All suppliers shall be provided with identical instructions (including the evaluation criteria details) and information.

VARIANT TENDERS

- 13.2. If it comes to the knowledge of an Elected Member, Responsible Officer or other Officer that a Contract or Grant Agreement in which they have an interest (determined in accordance with the Elected Members’ and/or Officers’ Code of Conduct as appropriate) has been or is proposed to be entered into, they shall immediately give written notice to the Headteacher.

14. GRANT PROCESS

OVERVIEW

Part 3 – LMS Procurement and Contract Procedure Rules

- 14.1. A grant is a sum of funds for a specific purpose. Under a grant agreement, the funder makes a payment to the recipient for a specific purpose. The recipient is not obliged to deliver any goods or services to the funder. The School may grant-fund third party organisations for example to help deliver community cohesion or to provide complementary activities. Responsible Officers should in consultation with the Council's Procurement and Contract Management Service and Monitoring Officer understand if the Grant is subject to the PA2023.

COMPETITIVE GRANT PROCESS

- 14.2. A competitive grants process should be completed and subsidy control law complied with. Where appropriate, the opportunity should be advertised on the E-tendering system.

SUBSIDY REQUIREMENTS

- 14.3. For all grant related processes subsidy control law must be complied with and any grant awarded over £100,000 which is a subsidy must be added to the Subsidy Database.

GRANT MANAGEMENT

- 14.4. The Responsible Officer shall take all such steps as are appropriate to monitor and review the delivery of the grant agreement, having regard to its value, nature, duration and subject matter. As part of the Grant monitoring and review process the Responsible Officer shall maintain adequate records of delivery and details of review meetings with the grant recipient.

GRANT PROCESS EXEMPTIONS

- 14.5. Specific exceptions to **Rule 14** are permitted in such other circumstances as the S151 Officer and the Monitoring Officer may agree.

SCHOOL SPECIFIC RULES

15. CAPITAL EXPENDITURE

- 15.1. Governing Bodies are permitted to use their budget share to meet the cost of capital expenditure on School premises. The annual Devolved Formula Capital allocation to the School must be used in accordance with any rules and conditions specified as a condition of the award of the grant and can only be used for capital expenditure.
- 15.2. A Governing Body shall provide timely information, as required by the S151 Officer, for the allocation, monitoring, accounting and claiming of grant in respect of any and all other capital funding allocated or devolved to the School.
- 15.3. The School may accumulate its Devolved Formula Capital over no more than a three year rolling period to use on a project of a value greater than its annual allocation; that is, the current financial year plus the previous two. Any unused Devolved Formula Capital Grant which is older than this is subject to clawback by the Department for Education.

16. LEASING AGREEMENTS

16.1. As the nature of these Leasing Agreements may conflict with the Council's position regarding the application of Government capital expenditure controls any such agreements must meet the following criteria:

- a) The agreement must not allow the School to become the owner of the equipment; in other words, the School cannot buy the equipment at any stage from the lessor.
- b) The duration of the agreement must be short enough for the estimated value of the equipment at the end of the agreement period to be at least 10% of its initial cost. This condition must be specified in the agreement. An agreement for a large, heavily used photocopier, for example, should probably not exceed three years.
- c) The agreement must not give the School an automatic right to continue with the lease at the end of the agreement period. However, if the Governing Body wishes to extend the agreement this can be arranged subsequently at an open market rental.
- d) Any sale proceeds arising from the disposal of equipment is payable to the leasing company and not to the School.
- e) The new lease cannot be used to settle any outstanding debt on a previous lease arrangement.
