Subject: Bay Horse Hutton Rudby
Date: 28 February 2025 13:25:23

Hello,

I would like to register my deep concern about the licensing application made by Kitson & Sons to extend Licensing activities at the Bay Horse in Hutton Rudby.

This license application requests Live Music opportunities every day of the week from 23.00 - 02.00 and an opening to the public from 08.00 - 02.30.

Hutton Rudby is a small village with limited resources. Already, opportunities for parking are very limited and often residents cannot park outside their own homes. This problem will be exacerbated with extensive opening hours.

Undoubtedly, there will be the possibility of noise pollution from music, cars and people in what is a quiet, rural village. Residents have chosen to live here because of these characteristics, and this application will destroy the defining features of Hutton Rudby.

The extended opening hours until 02.30 will be extremely problematic to those living in the village. The Bay Horse is in the middle of a residential area with many houses occupied by older people and others with families. All will be acutely disturbed by these late opening hours to the public until 02.30.

I hope you will consider these objections and I urge you to reject this application.

[REDACTED]
Hutton Rudby.
