Dear Mr Hird,

I am writing to you with reference to your email below.

During the consultation period the applicant has agreed to conditions following representation from Environmental Protection in their capacity as a Responsible Authority. This is detailed in the document that you have been provided. Following agreement, EP have subsequently withdrawn their representation and the condition will form part of the premises licence should the application be granted.

I hope this information is of use to you.

Regards,

**Subject:** Re: 1. Chris Hird - C25/00467/LAPFUV

Good morning,

Thank you for providing the document. I just wanted to clarify whether the attached wording reflects the current licence conditions or the proposed variation.

The public notice I received states that the restaurant is applying to remove the seasonal restriction which currently prohibits use of the terrace between 21:00–11:00 from October to March, and instead allow use until 23:00 all year round. However, the document you've shared already states terrace use is permitted from 11:00 to 23:00 Monday to Saturday.

Please could you confirm if this condition is already in force, or if this is the proposed change being applied for? This will help me understand whether my objection is to a new change or an existing permission.

Thanks,

Chris

Good morning

I have attached the conditions agreed with Environmental Protection. Please advise if this resolves your concerns and if you would like to withdraw your objection.

If resolution cannot be reached and the representation is not withdrawn the application will be dealt with by a Licensing Sub-Committee hearing which will be arranged within 20 working days of the end of the consultation period.

Please be aware that the Licensing Authority has a maximum of two months from the original submission of the application to make a final determination, so it is important that any negotiation is swiftly conducted.

Kind regards
