Dear Sir / Madam,

Re: Premises License Application - Pateley Club

My name is Kevin Burton, [REDACTED]
[REDACTED].

I am a long standing member of Pateley Club which like ourselves at the [REDACTED] have raised an enormous amount of money for Charitable Causes including Macmillan Cancer Support and very recently offering a great deal of support to the family of young Bailey who was tragically struck down and killed some months ago.

The club is a place to enjoy a game of snooker, poole, cards or bingo. A quiet pint over a game of dominos. A place where I go to chill before a [REDACTED]. Subsidised annual coach trips to the seaside for members is also very popular.

My family, my Daughter and Grand children until the last year or two, lived [REDACTED].

Never once in the years spent [REDACTED] did I ever hear a complaint. Never and nor did I ever hear anything that I would describe as excess noise for example. Nothing that would stop a child sleeping. I know first hand that more noise comes from High Street traffic than comes out of that club.

If this long established club is denied its licence on the whims of a small minority, then the entire community will be losing an important social hub. A place where young and old alike meet to put the world to rights over a quiet drink. A place particularly popular with the elderly. Pensioners who find the lower prices more appealing can relax with friends as opposed to a rowdy pub.

Please do consider what I've said here because a great many members have spent their entire adult lives as members of this club. The loss of which will be of no benefit to the community at all. Indeed part of the community fabric, its very sole would be destroyed.

Yours faithfully

Kevin Burton
