Dear Sirs

I'd like to support the Club's application to renew its Premise Licence; Application Number 183822.

I have regularly visited the club over the last 4 or 5 years, to attend local community meetings, and I have always found it to be well run and welcoming. There are very few places in our rural area where local groups can hold meetings and even fewer with a welcoming bar. The loss of any would be hard felt by local groups.

Yours sincerely

David Ingham
