

APPENDIX 18

From: [REDACTED]
To: [Licensing Central](#)
Subject: Pateley Club licence application
Date: 14 May 2026 23:40:47

Dear Sir/Madam

I live [REDACTED]. I have never had a problem with them. I knew when I moved into my flat that the club was there and I would have some noise that any regular establishment would have. And in the five years I lived in the flat above this one and over the five months in the lower flat I can count one time when I was woken up. The rest of the time it's been no bother at all. They are a great little place with great community roots and have held events that benefit charities like MacMillan Nurses, Just B mental health etc. Events held for men and women in a safe environment, with caring staff and committee members.

It is better for people to go there till late on a weekend as there are no late buses back into Pateley and Taxis cost a fortune from Ripon or Harrogate, many members of the community use the club for social interactions not just to drink. In a small town it serves a greater purpose to many.

Sincerely

[REDACTED]
